America Contest Cooking Favorite From Recipe:

America's Favorite Recipes, Part I Uma Aggarwal, 2013-10-24 America is often called the world's melting pot, a title that proudly celebrates its joyful amalgamation of many peoples' cultures, customs, languages, and flavors. From every region of the world, people make the journey to start new lives in the United States and they bring these international charms with them. America accepts people of all cultures and traditions with open arms. Home chef Uma Aggarwal, the author of *The Exquisite World of Indian Cuisine* and *America's Favorite Recipes Part I*, presents a new collection of these melting pot recipes focusing specifically on entrees. An avid and passionate student of American cooking, she shares helpful information about the origin and history of these recipes as well. She uses exquisite Indian herbs and spices for both the flavor and the health benefits they impart. Inside, you'll find recipes for Salmon Wellington, Salmon Puff Pastry with Mushroom Duxelles, Oven Roasted Pulled Pork, French Beef Bourguignon, Green Curry, Chicken with Peas and Basil, Lemon Broccoli, and Chick Peas Rigatoni. Sweet and Sour Tofu, Ma Po Tofu, Kim Chi Fried Rice with Korean Pepper Paste, Vegetarian Chimichangas with Bean and Cheese Filling, Swiss and Gouda Curry Fondue, and more. Thanks to the contributions of generations of international cooks, the face of American cuisine is a dynamic one. Now home chefs can easily draw inspiration from these pioneers. Bring the flavors of the world home today with *America's Favorite Recipes Part II*.

America's Favorite Recipes the Melting Pot Cuisine Uma Aggarwal, 2016-11-10 America is called a melting pot of all cultures. As the immigration of different cultures continues to flood this land of opportunity, a revolution is taking place in the fusion of their cultures and cuisines. This transformation has been very prominent in the last 50 years and it is clearly visible in the emerging American cuisine. Practically, this cuisine has fused to become a spectacular global cuisine. In my book, I am not only giving the recipes that we love so dearly but also tried to emphasize the history and origin of these recipes and describe the use of healthful ingredients and spices to prolong your life. We have to watch what we eat. I am trying to bring this point to the attention of the reader that according to ancient Indian treatises and modern scientific research, it is established that the use of spices is not only for taste but it is for their hidden meaning. They have anti-carcinogenic properties and their use is very important to maintain a good healthy lifestyle. Americans are heavily ridden with obesity, heart diseases, diabetes, breast cancer, and many other diseases. Being an American East Indian pioneer with my East Indian wisdom of Ayurveda, my idea is to make these exotic recipes as healthy as possible by using these spices. I have also tried to capture and write the history and origin of these recipes. My basic point of view is that to make the food delicious, use fresh ingredients, herbs, and spices and do not try to overload them with various cheeses, creams, sugars, and lards to make them delicious. You are what you eat. Most of these foreign recipes have historical dimensions and origin. They have now shaped themselves gradually to suit the American palate and have become an integral part of American cuisine. We can make them equally delicious by wisely using healthful ingredients. In order to make these books interesting and enjoyable, they are written with easy step-by-step instructions. I am hopeful that these books, *America's*
