American Battle Guide Revolution:

A Kids Guide to the American Revolution KidCaps,2013-10-28 The war was raging all around him Johnny was only twelve years old so he wasn't allowed to pick up a gun or to be a soldier However he still had a very important job on the battlefield he was the messenger for American Major General Gates While he waited for the scouts to come back with their reports of British troop movements Johnny could hear the musket balls whizzing above him breaking branches in the trees His father was out there in the battle lines and through the smoke on the field Johnny could just barely see him finish loading his musket step to the right take aim and fire the weapon The gun rocked as it fired and let out a cloud of smoke as the black powder exploded in the barrel pushing the musket out at high speed Johnny's father stepped back behind a tree to reload his musket something that took even the best trained soldier about twenty seconds to do before coming out to fire again And so begins the fascinating history of the American Revolution It's hard to imagine America ever faced times so hard but in this book just for kids you'll find out what happened and what it was like to be a kid during these times KidCaps is an imprint of BookCaps Study Guides with dozens of books published every month there's sure to be something just for you Visit our website to find out more
