**Software Quality** Stefan Biffl, Dietmar Winkler, Johannes Bergsmann, 2012-01-13 This book constitutes the refereed proceedings of the 4th Software Quality Days Conference SWQD held in Vienna Austria in January 2012. The selection of presentations at the conference encompasses a mixture of practical presentations and scientific papers covering new research topics. The seven scientific full papers accepted for SWQD were each peer reviewed by three or more reviewers and selected out of 18 high quality submissions. Further six short papers on promising research directions were also presented and included in order to spark discussions between researchers and practitioners. The papers are organized into topical sections on software product quality, software engineering processes, software process improvement, component based architectures, risk management and quality assurance and collaboration.
