Practice Test 1

Answers and explanations for section 2, Writing and Language Test

Explanation for question 1.

Correct answer

Choice D is the best answer because “outweigh” is the only choice that appropriately and idiomatically reflects the relationship the sentence sets up between “advantages” and “drawbacks.”

Incorrect answer

Choices A, B, and C are incorrect because each implies a competitive relationship that is inappropriate in this context.

Explanation for question 2.

Correct answer

Choice B is the best answer because it offers a second action that farmers can undertake to address the problem of acid whey disposal, thus providing the most relevant detail for the claim made in the previous sentence (“To address the problem of disposal, farmers have found a number of uses for acid whey”).

Incorrect answer

Choices A, C, and D are incorrect because they do not offer examples of how farmers could make another use of acid whey.
