## TEAS SUBJECT AREAS

The TEAS test was developed for health science students to measure the academic preparedness of prospective students. Questions on the TEAS assess student knowledge of the disciplines that address topics covered in grades 9-12. The disciplines include skills and concepts that health science educators believe are most important for success in health science programs. The disciplines cover the academic subject areas of:

- Reading
- Math
- Science
- English and Language Usage

## Introduction

The TEAS covers the essential knowledge  
necessary for entry into the disciplines of the  
TEAS. Keep in mind that the concepts provided  
in the material are not comprehensive. They do  
not include all the possible content categories  
on the test questions. This chapter also includes  
a brief overview of the content and skills  
you will encounter on the TEAS.

### TEAS QUESTIONS

The TEAS is composed of 160 items that include
