[Laundromat](#)

Operations & Maintenance Manual D. Rod Lloyd, 2023-01-21 Owning a Laundromat is a great business and can be very profitable. It is an all cash business and recession proof. A self service laundromat runs all by itself. All you need to do is collect the cash and wipe down the machines. This book will tell you how to run a laundromat with no prior experience. The skills needed to run and maintain a laundromat are not rocket science and don't need expensive equipment just common sense and logic. I will tell you how it is the good the bad and the ugly everything you need to know to get started. **Wooden Work?**

Clock Movement Restoration & Best Practices D. Rod Lloyd, If you are lucky enough to own a clock containing a wooden works clock movement you own a rare piece of history. You are just the current steward of a piece of history. Like anything else these clocks must be maintained. Fortunately wooden movement clocks are the easiest clocks to work on due to the large size of the parts their simple design and no mainsprings to deal with. Wooden movement clocks are the perfect starter clock if you have never worked on a clock before but are interested in how they work. Repairs to wood parts only need basic woodworking skills. This book will take you step by step on your journey to learn how to repair wooden movement clocks and restore your rare piece of history. **Handbell Ringers Bible** D. Rod Lloyd, Learn Handbells from scratch or become a better Ringer. This is the completely revised 2023 Handbell Ringers Bible. I listened to all your comments and have made this even more comprehensive and easier to learn from. A set of handbells creates ONE musical instrument. They are always in tune and most ringers play only two bells plus their accidental making it one of the easiest musical instruments to learn and a lot of fun to play. Having said that to play any instrument well you need to study and practice. You don't need to be a musician to begin to play bells but you will be a musician once you have mastered the instrument and its techniques. If you can count to four and know your left from your right you have the necessary qualifications. You don't need a deep understanding of music theory I have selected the parts of music that you do need making it as simple as possible. It is all too common for new handbell ringers to be thrown in at the deep end with just a short explanation of how to ring the bell and off they go playing in an existing handbell choir. I have created this Method Book full explanation of all the terms and techniques training videos as well as handbell music notation to make learning handbells more structured and informative. **Money From Mobiles**

By an Old Pro D. Rod Lloyd, 2023-01-21 The most comprehensive book on Mobile Homes. This is a nuts and bolts description of how to make money from mobile homes. I have no intention of talking you into this plan by giving brainwashing example after example of the deals I am also not going to gloss over the pitfalls and problems of the system either. It is not a get rich quick scheme and there is some risk involved. It takes some cash to run the system and I do not recommend doing it on a shoestring. It takes some time but can be a lot of fun. However it is possible to make an excellent return on your investment. Today interest rates have almost shriveled up and died. Those who have saved all their lives to secure retirement have a wake up call from failed speculative investments or almost zero interest rates for safe investments. **House Flipping for Big Profits by an Old Pro** D. Rod Lloyd, 2023-01-21 This book discusses buying a property for the sole purpose of remodeling it to

resell commonly known as flipping This practice has been made popular by recent DIY programs on TV that tend to glamorize the process but make no mistake the process of house flipping is hard work very stressful and requires a lot of money and skill There are a couple of reasons why a person might want to flip a house The first reason is it is a historical or classical building and a person wants to do the project for the love of the building The second reason is TO MAKE MONEY I believe 99% or more fall into the latter and this book deals with this I will guide you through all the steps in buying your property the remodeling process and finally selling the project to make BIG PROFITS I go into every granular detail as I have been there and done that dozens of times Don t start a house flip without reading this book Includes Mobile Homes and Rental Property
