The Emancipatory Promise of Charter Schools Eric Rofes, Lisa M. Stulberg, 2012-02-01 This book opens up a critical conversation among progressive educators of various generations, races, perspectives, and social locations concerning one specific school reform initiative: charter schools. Eric Rofes and Lisa M. Stulberg bring together scholars who both study and actively participate in school choice reform and encourage them to be bold in their questioning and assertive in their own

ambivalence about this complex controversial public issue and to include issues that are underexamined in the school literature such as the impact of school choice on race and class politics and inequalities The editors argue that charter schools are playing a powerful role in reviving participation in public education expanding opportunities for progressive methods in public school classrooms and generating new energy for community based community controlled school initiatives The result is a groundbreaking volume that pushes boundaries questions assumptions and rocks foundations of progressive thought **Resources in education** ,1988-04 *20-Minute Learning Connection* Douglas B.
