

Answer Key - Note Taking Worksheet

(Note: there is some extra information on this sheet that is not on student handout)

Ancient Times

The oldest remains of the island of Cyprus come from the Neolithic Age, in 8200 – 3900 B.C.E. These people used stone, and later, pottery, to store food.

Between the Stone Age and the Bronze Age, 3900 – 2500 B.C.E., the people of the Chalcolithic Age were the first to discover copper on the island. The word Cyprus comes from the Greek word for copper – Kypros.

During the Bronze Age, 2500-1050 B.C.E., copper was traded within the region and wealth was brought to Cyprus.

Cyprus was conquered and ruled by many different peoples including ancient Greeks, Phoenicians, Assyrians, Egyptians, Persians, Romans, Byzantines, and even Richard the Lionheart and the Knights Templar.

Roots of Religion

From 1489-1571 C.E., The Venetians ruled Cyprus. They constructed the walls surrounding Nicosia and Famagusta to protect themselves from the Ottomans. The major religion was the Latin Church, or Catholicism.

In 1570, Ottoman troops invaded Cyprus and many Catholics were either expelled or converted to Islam, the religion of the Ottomans. For the next 307 years, from 1571-1878 C.E., the Ottomans ruled Cyprus.

Modern Times

The 1878 Cyprus Convention gave Britain administration of the island because of their support of the Ottomans during the Russian-Turkish war. Because Turkey was allied with the Germans during WWI, Britain annexed the island in 1914. As a result of the Treaty of Lausanne in 1923, Turkey had to give up all rights to Cyprus. In 1925, Cyprus officially became a colony of Great Britain.

Trouble Brews

In the 1930s, tired of being a colony, and hoping for independence, many Cypriots began pushing for Enosis, or union with Greece. There were many riots, and the British began referring to two separate groups living within Cyprus: Greek Cypriots and Turkish Cypriots. Greek Cypriots were remnants of the first Greek colonizers of Cyprus. They spoke Greek and practiced the Orthodox Christian religion and made up a majority of the population. Turkish Cypriots were descendants of the Turks/Ottomans from Anatolia. They spoke Turkish and practiced the religion of Islam, and comprised about 20% of the population. These new labels caused many battles between the two groups from 1955-1959, with some Greek Cypriots pushing for Enosis, and some Turkish Cypriots pushing for a division of the island based on ethnicity.

In 1960, Cyprus gained its independence from Britain and established the Republic of Cyprus, complete with a constitution. The constitution was very complex and tried to make things fair for Turkish Cypriots, the minority, and Greek Cypriots the majority. Unfortunately the two sides eventually disagreed so much on the constitution that more fighting erupted.

Answer Key For Note Taking

Adopting the Track of Appearance: An Emotional Symphony within **Answer Key For Note Taking**

In some sort of consumed by monitors and the ceaseless chatter of instantaneous transmission, the melodic beauty and psychological symphony produced by the written word often disappear into the backdrop, eclipsed by the relentless sound and interruptions that permeate our lives. Nevertheless, located within the pages of **Answer Key For Note Taking** a marvelous fictional value full of organic feelings, lies an immersive symphony waiting to be embraced. Constructed by a wonderful composer of language, that charming masterpiece conducts visitors on an emotional journey, well unraveling the hidden songs and profound influence resonating within each carefully crafted phrase. Within the depths with this emotional assessment, we can examine the book's main harmonies, analyze their enthralling writing model, and submit ourselves to the profound resonance that echoes in the depths of readers' souls.
