Handbook of Economic Forecasting Volumes 2A and 2B provide a unique compilation of chapters giving a coherent overview of forecasting theory and applications in one place and with up to date accounts of all major conceptual issues Focuses on innovation in economic forecasting via industry applications Presents coherent summaries of subjects in economic forecasting that stretch from methodologies to applications Makes details about economic forecasting accessible to scholars in fields outside economics **"Code of Massachusetts regulations, 2012"** ,2012 Archival snapshot of entire looseleaf Code of Massachusetts Regulations held by the Social Law Library of Massachusetts as of January 2020 **Monetary and Economic Studies** ,2014 **The Chittagong University Journal of Business Administration** ,2013 **Bank of Japan Monetary and Economic Studies** ,2014 **Ownership and Control of Oil** Bianca Sarbu,2014-05-09 Ownership and Control of Oil examines government decisions about how much control to exert over the petroleum industry focusing on the role of National Oil Companies in the production of crude oil since the nationalizations in the 1970s What are the motives for which some producing states opt for less and NOT more control of their oil production sector When can International Oil Companies enter the upstream industry of producing states and under what conditions The diversity of policy choices across producers provides the stage for this investigation different theoretical explanations are confronted with the empirical evidence with the aim of finally proposing an interdisciplinary framework of analysis to explain who controls oil production around the world This book is intended for both specialists and general readers who have an interest in the issue of government control of the petroleum industry Due to its multidisciplinary approach the book is aimed at a large academic public composed of scholars of Political Science International Political Economy Comparative Politics and Middle East Area Studies Moreover this book should be relevant to international consultants industry professionals and decision makers in countries assessing their experience with existing control structures as well as the many countries in the process of joining the petroleum club of oil producing nations **A Comparison of Job Opportunities for Women in Germany and the UK** Rieke Hinrichs,2014-06-06 Bachelor Thesis from the year 2013 in the subject Business economics Business Management Corporate Governance grade First Class New College Durham New College Durham Leeds Metropolitan University language English abstract The purpose of this project was to analyse to what extent gender equality has been achieved which barriers still exist in female employment and to evaluate opportunities for women in the UK in comparison to those in Germany The author reviewed a wide array of sources such as studies laws and articles but the main analysis was done on the basis of extensive data that has been collected by the OECD and the World Economic Forum Based on those findings gender gaps concerning labour force participation occupational sectors and types of work as well as wages and pensions were identified for both countries More specifically this paper provides information on the main barriers for women in employment the most important of which are maledominated corporate cultures and discrimination Especially mothers experience barriers like the lack of affordable childcare insufficient flexible working options or the fact that people who use those are disadvantaged as

well as unequal contribution of unpaid work and childcare despite laws that allow fathers to participate more in family life During the whole project the applicability of theories such as the Glass Ceiling the Sticky Floor or the Opt Out Revolution has been tested in order to identify reasons for inequality Furthermore measures which have already been taken against the existing barriers were described and some that could be taken in the future were suggested Differences between conditions for women in Germany and the UK have been analysed compared and evaluated with the result that the UK offers slightly better chances but both countries achieve quite different results in particular categories Depending on which aspects a woman puts emphasis on this thesis can help to decide which country is best to live and raise a family in

Indovation T. Birtchnell, 2013-04-23 How should we understand the many reports that poverty is the mother of innovation in India What has the role of austerity been in the development of India's knowledge economy In this critical study of Indian innovation or Indovation Thomas Birtchnell explores how the complex mobilities of globals with stakes in India have transformed discourses and imaginaries about innovation in the region He adopts a critical eye to the notion of Indovation by focusing on the various circuits of globals where India's knowledge economy is concentrated expertise entrepreneurship and community Birtchnell traces the various discourses and counter discourses around an Indian way of working and illustrates how differences in the international dimensions of austerity allow India's knowledge economy to prosper
