Diane Ray, Assistant Director for Teacher Leader Development, Professional Association of Georgia Educators.

Create assessments that meet state standards and target students' learning needs. For many years, assessment was relegated to a secondary role in the educational process. But with the increased emphasis on high stakes testing, effective assessment has emerged as one of the major factors in raising student achievement. In this latest edition of her bestseller, renowned educator Kay Burke provides a wide range of updated, easy-to-implement alternative assessments that address today's accountability requirements and focus on improving learning. Designed for use across all content areas, these formative assessments are rooted in the language of state standards and emphasize differentiating instruction to meet students' individual learning needs.
