The first part of the text covers the overarching principles of Academic English including the history of English and grammar and language essentials. The second part discusses the practical application of this knowledge with particular emphasis on crafting coherent thesis-driven essays alongside discussion of research and sources, referencing and citation and style and presentation. Written by authors with extensive tertiary teaching experience, *Keys to Academic English* is an invaluable reference for students beginning their university degrees across a range of humanities disciplines. *American Book Publishing Record*, 2003 **Recording for the Blind & Dyslexic, ... The book opens with a concise primer on discussion-based classes, seminars and inquiry-focused instruction. It then moves into three main sections that provide ideas to invigorate discussion and inquiry in any classroom and it closes with an annotated bibliography of suggested readings. **Books in Print Supplement**, 2002

Despite its ambiguous and indistinct official status in the country, French remains the preferred foreign language in Nigeria and academia. Michael Akinpelu and Tunde Ajiboye's *French in Multilingual Anglophone Africa: Language, Literature and Translation in Nigeria* discusses how the French language is not only taught as a foreign language in Nigerian higher education but is also an important linguistic code for literary creation, translation and interpretation, blending local and international francophone cultures. Part I explores issues related to bilingualism, language resource management and comparison between French and local languages. Part II considers the French language's exploitation in relation to translation and interpretation with particular interests in cultural challenges. Part III provides historical context, tracing the evolution of literary engagement of Nigerian writers, contact with French and evolving perspectives on the language in Nigerian literature from the 1930s to present day. Using case studies, classroom fieldwork and policy analyses, this book shows how French in multilingual Africa is not just a mode of communication but a powerful instrument of socio
