*New York City's Best Public High Schools* Clara Hemphill, 2007-09 If you lived anywhere else in the country you would probably send your child to your neighborhood high school. In New York City it's much more complicated than that. But what parent has time to research hundreds of school options? To help you choose a high school that is just right for your child, Clara Hemphill and her colleagues at InsideSchools visited nearly all of the city's 400 high schools. This essential revision of the critically acclaimed parents' guide features new school profiles, invaluable advice to help parents and students through the stressful admissions process, and new sections on alternative schools, vocational schools, and schools for students learning English. Featuring interviews with teachers, parents, and students, this guide uncovers the inside scoop about school atmosphere, homework, student stress, competition among students, the quality of teachers, gender issues, the condition of the building, class size, and much more. For this third edition, I looked for schools that spark students' curiosity, broaden their horizons, and help them develop into thoughtful, caring adults.

**Readicide** Kelly Gallagher, 2023-10-10 Readicide: The systematic killing of the love of reading, often exacerbated by the inane, mind-numbing practices found in schools. Reading is dying in our schools. Educators are familiar with many of the factors that have contributed to the decline: poverty, second language issues, and the ever-expanding choices of electronic entertainment. In this provocative book, *Readicide: How Schools are Killing Reading and What You Can Do About It*, author and teacher Kelly Gallagher suggests it is time to recognize a new and significant contributor to the death of reading: our schools. *Readicide*

Gallagher argues that American schools are actively though unwittingly furthering the decline of reading Specifically he contends that the standard instructional practices used in most schools are killing reading by Valuing standardized testing over the development of lifelong readersMandating breadth over depth in instructionRequiring students to read difficult texts without proper instructional support and insisting students focus on academic textsIgnoring the importance of developing recreational readingLosing sight of authentic instruction in the looming shadow of political pressuresReadicide provides teachers literacy coaches and administrators with specific steps to reverse the downward spiral in reading steps that will help prevent the loss of another generation of readers     *Boys' Life* ,1954-05 Boys Life is the official youth magazine for the Boy Scouts of America Published since 1911 it contains a proven mix of news nature sports history fiction science comics and Scouting     **Games on the Go** Lisa Carmona,2000-07     *Boys' Life* ,1956-08 Boys Life is the official youth magazine for the Boy Scouts of America Published since 1911 it contains a proven mix of news nature sports history fiction science comics and Scouting     Summer Bridge Activities(r) Quick ,2025-03-13 Build a bridge of learning opportunities for your soon to be 1st grader from school to home and back again in just 15 minutes a day with Summer Bridge Activities R Quick Kindergarten to 1st Grade Workbooks     **Boys' Life** ,1996-08 Boys Life is the official youth magazine for the Boy Scouts of America Published since 1911 it contains a proven mix of news nature sports history fiction science comics and Scouting
