A Guide To The World Of Amarok:

A Guide to the World of Amarok Angela Townsend, 2014-11-20 In her book *Amarok* Angela J Townsend introduced her readers to an epic millennial aged story of shamanistic magic and spiritual creatures. Yet her story provided only the barest glimpse into the world behind the story. Now that universe is opened wide with Angela's latest volume providing not only background for her original story but also setting the groundwork for the ongoing saga yet to be told. Travel again to the frozen tundra of Alaska to explore what existed long before man began to record his history. What existed until now only in the legends and lore of the land. Discover where history and prehistory are joined in the reality only those tied to the magic understand in the World of *Amarok*

Perfect for mythology lovers, fantasy enthusiasts, storytellers and gamers, this detailed guide offers rich descriptions, cultural context and captivating stories that breathe life into each legendary being. Volume 2, covering creatures from M to Z, is coming soon. Together, these volumes form the ultimate reference for mythical and mythological creatures from around the world. Ideal for mythology, folklore, research, fantasy world building and RPG players. Paranormal and cryptid enthusiasts, students and educators of cultural mythology. Inside Volume 1, you'll find detailed profiles of mythical creatures, spirits and monsters from A to L. Insights into their roles in folklore, religion and legend. Cross-cultural comparisons and symbolic meanings. Engaging and accessible writing for casual readers and scholars alike. Unlock the mysteries of the magical world with *Legendary Creatures Volume 1*, the essential first installment in a complete A to Z series of legendary beasts and mythical beings.

Car Tourism Waldemar

Cudny, 2017-07-05 This book examines the role of cars and the space connected with their production and presentation in tourism development. It describes the role played by experiences and experience societies formed in the 20th c in the development of contemporary tourism including tourism related to cars. The book explores the influence of experiencing unusual events such as car races, car fairs, visits to car industry museums or multifunctional spaces connected with producing and exhibiting cars e.g. Autostadt or Audi Forum. On the development of a new type of tourism i.e. car tourism. This kind of tourism is novel in two ways firstly it is a new phenomenon in science as so far it has not been thoroughly studied or

described apart from various short articles Secondly this type of tourism has developed on a large scale only in recent years mainly due to the huge investments made by powerful European car manufacturers e g Autostadt Audi Forums Porsche Museum Lamborghini Museum etc The book presents cars and the spaces related to them as tourist assets sites events and as tourist products that satisfy tourists needs Moreover it connects the issue of car tourism to the marketing strategies of large car manufacturers and discusses the theory of tourism space highlighting the main tourism spaces in which car tourism develops It presents multifunctional spaces factories adventure centres Autostadt in Wolfsburg museums car exhibitions and race tracks In the next chapter following an introduction to the problem of events the author describes events related to car tourism including races rallies driving schools and car fairs The book ends with a summarizing chapter which includes a model of the function of car tourism as a separate type of tourism as well as a discussion presenting the main features advantages and disadvantages of car tourism in the context of the tourism space theory
