A Lesser Evil:

Lesser Evil Michael Ignatieff, 2021-06-24 Must we fight terrorism with terror and torture with torture Must we sacrifice civil liberty to protect public safety In the age of terrorism Michael Ignatieff argues that we must not shrink from the use of violence But its use in a liberal democracy must be measured And we must not fool ourselves that whatever we do in the name of freedom and democracy is good We may need to kill to fight the greater evil of terrorism but we must never pretend that doing so is anything better than a lesser evil In making this case Ignatieff traces the modern history of terrorism and counter terrorism from the nihilists of Czarist Russia and the militias of Weimar Germany to the IRA and the unprecedented menace of Al Qaeda He shows how the most potent response to terror has been force decisive and direct yet restrained The public scrutiny and political ethics that motivate restraint also give democracy its strongest weapon the moral power to endure when vengeance and hatred are spent **The lesser evil** Iza Duffus Hardy, 1901 **Autonomy and Self-Respect**

Thomas E. Hill, 1991-07-26 This stimulating collection of essays in ethics eschews the simple exposition and refinement of abstract theories Rather the author focuses on everyday moral issues often neglected by philosophers and explores the deeper theoretical questions which they raise Such issues are Is it wrong to tell a lie to protect someone from a painful truth Should one commit a lesser evil to prevent another from doing something worse Can one be both autonomous and compassionate Other topics discussed are servility weakness of will suicide obligations to oneself snobbery and environmental concerns A feature of the collection is the contrast of Kantian and utilitarian answers to these problems The essays are crisply and lucidly written and will appeal to both teachers and students of philosophy A Lesser Evil Lesley Pearce, 2006 When Fifi declares to her mother that she has secretly married Dan Reynolds a handsome but itinerant bricklayer her mother is incensed Despite her mother's disapproval Fifi heads to London with her new husband to set up home in Kensington Moral Dilemmas in Medieval Thought M. V. Dougherty, 2011-04-14 The history of moral dilemma theory often ignores the medieval period overlooking the sophisticated theorizing by several thinkers who debated the existence of moral dilemmas from 1150 to 1450 In this book Michael V Dougherty offers a rich and fascinating overview of the debates which were pursued by medieval philosophers theologians and canon lawyers illustrating his discussion with a diverse range of examples of the moral dilemmas which they considered He shows that much of what seems particular to twentieth century moral theory was well known long ago especially the view of some medieval thinkers that some forms of wrongdoing are inescapable and their emphasis on the principle choose the lesser of two evils His book will be valuable not only to advanced students and specialists of medieval thought but also to those interested in the history of ethics

Physician Assisted Suicide M. Morrow, 2018 Offering students an accessible in depth and

highly practical introduction to ethics this text covers argumentation and moral reasoning various types of moral arguments and theoretical issues that commonly arise in introductory ethics courses including skepticism subjectivism relativism religion and normative theories The book combines primary sources in moral theory and applied ethics with explanatory material case studies and pedagogical features to help students think critically about moral issues

Brown Skin, White Masks Hamid Dabashi, 2011-01-06 This book is a critical examination of the role that immigrant intellectuals play in facilitating the global domination of American imperialism In his pioneering book about the relationship between race and colonialism Black Skin White Masks Frantz Fanon explored the traumatic consequences of the sense of inferiority that colonised people felt Brown Skin White Masks picks up where Fanon left off and extends Fanon's insights as they apply to today's world Dabashi shows how intellectuals who migrate to the West are often used by the imperial powers to misrepresent their home countries Just as many Iraqi exiles were used to justify the invasion of Iraq Dabashi demonstrates that this is a common phenomenon and examines why and how so many immigrant intellectuals help to sustain imperialism
