

# A Manual For The Use Of Focus Groups

**Rosaline Barbour, Jenny Kitzinger**

## **A Manual For The Use Of Focus Groups:**

**A Manual for the Use of Focus Groups** Susan Dawson, Lenore Manderson, Veronica L. Tallo, 1993 *Focus Groups* Richard A. Krueger, Mary Anne Casey, 2009 The Fourth Edition of the bestselling *Focus Groups A Practical Guide for Applied Research* offers an easy to ready overview of sound focus group practices Authors Richard A Krueger Mary Anne Casey describe how one can set up and conduct quality and effective focus group interviews The process depicted is unbiased non judgmental and is respectful of all views It is a deliberate and systematic way of listening that is helpful to public and private organizations as they listen to stakeholders customers and employees This book cuts through the theory and gives hand on advice to those who are seeking to actually conduct a focus group It is most helpful for conducting focus groups for research or evaluation with public non profit educational health human service and religious organizations Key Features Offers the latest on telephone and Internet focus groups Provides suggested focus group questions that help students construct quality questions that engage participants and produce dependable and valid results Gives solid information on organizational focus groups Presents ways on how to recruit participants to the focus group Contains a number of practical tips that actually work It is written for the person who has to plan recruit develop questions moderate analyze and report the results Incorporates icons throughout the book that offer tips examples additional resources and others bits of practical information Intended Audience This book is appropriate for a variety of research methods and evaluation courses in departments such as education sociology political science journalism business marketing public administration and public health **The Practical Handbook and Guide to Focus Group Research, Second Edition** Thomas L. Greenbaum, 1993-03-08 In 1992 more than 125 000 focus groups randomly selected individuals led by a moderator whose discussion of a particular product provides market data for the manufacturer will be held in the U S Greenbaum who has worked with focus groups for over 20 years here shares the latest information on conducting them effectively **Focus Groups** Richard A. Krueger, 1994-02-14 The highly acclaimed first edition of Richard Krueger s *Focus Groups* has become the standard introduction to this widely used technique Retaining its focus on applied research and its step by step approach to planning and conducting a successful focus group this new edition has been expanded to offer broader coverage on analyzing focus group results and exploring various collaborative approaches **The Focus Group Guidebook** David L. Morgan, Richard A. Krueger, Jean A. King, 1998 The *Focus Group Guide* book is part of the six volume *Focus Group Kit* which offers the information needed to conduct a state of the art focus group from the initial planning stages through to analysing and reporting the data **Conducting Focus Groups** Janet Mancini Billson, 1994 **Focus Groups** Gloria E. Bader, Catherine A. Rossi, 1998 *Developing Questions for Focus Groups* Richard A. Krueger, 1997-07-24 Struggling with focus groups questions Asking the right questions is critical in focus group interviewing *Developing Questions in a Focus Group* describes a practical process for identifying powerful themes and offers an easy to understand strategy for translating those themes into questions Richard A Krueger suggests ways of

categorizing phrasing and sequencing focus group questions Going beyond material presented in his earlier books Krueger shares ideas for questions that get participants actively involved in the focus group interview by asking participants to make lists create report cards sort pictures draw cut and paste or participate in a mini debate The results of these activities not only yield insightful information but are also interesting and fun This book helps make the process of developing good questions doable by outlining a process and offering many examples After reading this book your focus groups will never be the same     The Practical Handbook and Guide to Focus Group Research Thomas L. Greenbaum,1988     Handbook of Qualitative Research in Education Sara Delamont,2012-01-01 The Handbook of Qualitative Research in Education offers both basic and advanced discussions of data collection analysis and representation of all the best qualitative methods used in educational research It contains four comprehensive yet concise sections on perspectives settings data collection and data analysis and representation Authors from North America Europe Australia and New Zealand contribute to a wide ranging and provocative Handbook that will inspire novice researchers and re invigorate experienced scholars Its 44 well documented chapters will serve academics and graduate students in educational research across all sectors of education from pre school to graduate school and all settings from formal to non formal     **The Focus Group** Jane Farley Templeton,1994 Provides a framework for staging interview sessions interpreting their results and using them in marketing strategies This book contains topics that include the second coming of focus groups in marketing and market research ethics in using focus groups effective use of focus groups and conflict resolution in focus groups     *The Power of Focus Groups* Janet Mancini Billson,2007 A practical and applied approach to focus group research that will help neophyte and experienced researchers plan conduct and report the findings from focus groups The Power of Focus Groups is rooted firmly in social science theory and research design Each chapter emphasizes conducting high quality focus groups that produce good data rather than interesting information that may be distorted because of design and moderation flaws The manual follows the natural flow of focus group research and includes chapters on communicating in groups and special topics as well You will find sample materials for each stage of the research process in the Appendix at the end of the report A bibliography provides resources for further reading and research     **From Their Lives** Helen D. Ward,2002     **Moderating Focus Groups** Thomas L. Greenbaum,1999-11-18 Designed specifically for the needs of the focus group moderator this comprehensive guide covers everything from pre session participant recruitment to post session reporting In addition the author includes a wealth of advanced and new techniques such as those for managing group dynamics energizing a tired group projective techniques personality association and position fixing Extremely practical and well written the book includes chapter summaries and a helpful glossary     *Understanding Focus Group Discussions* Monique M. Hennink,2014 This volume guides readers on practical and theoretical considerations in conducting focus group research Separate chapters are devoted to writing focus group methods and presenting findings Strategies for assessing the quality of focus group research are

included and case study examples of field research are provided throughout

Developing Focus Group Research Rosaline Barbour, Jenny Kitzinger, 1998-12-29 This book critically examines the potential of and suggests ways forward in harnessing a versatile and powerful method of research focus groups The book challenges some of the emerging orthodoxies and presents accessible insightful and reflective discussions about the issues around focus group work The contributors an impressive group of experienced researchers from a range of disciplines and traditions discuss different ways of designing conducting and analyzing focus group research They examine sampling strategies the implications of combining focus groups with other methods accessing views of minority groups their contribution to participatory or feminist research use of software packages discourse analysis and the epistemological and political underpinnings of research

**Handbook of Interview Research** Jaber F. Gubrium, James A. Holstein, 2002 The Handbook of Interview Research is the most ambitious attempt yet at examining the place of the interview in contemporary society Interviewing is the predominant mode of research in the social sciences It is also the stock in trade of information seekers in organizations and institutions of all kinds as well as in the mass media Across the board interviews provide today's leading window on the world of experience The Handbook offers a comprehensive examination of the interview at the cutting edge of information technology Drawing upon leading experts from a wide range of professional disciplines this book addresses conceptual and technical challenges that confront both academic researchers and interviewers with more applied goals From interview theory to the nuts and bolts of the interview process the coverage is impressively broad and authoritative The Handbook of Interview Research is both encyclopedic and thematic As an encyclopedia it provides extensive discussions of the methodological issues now surrounding interview practice offering a multi faceted assessment of what has become the method of choice for obtaining personal information in today's society But the Handbook also is a story which spins a particular tale of interviewing one that moves from the commonly recognized individual interview to what is called the interview society The gist of the presentation is that we can no longer regard the interview as simply an instrument for gathering data but must now also view it an integral part of society

Focus Group Practice Claudia Puchta, Jonathan Potter, 2004-02-28 0761966900

*Moderating Focus Groups* Richard A. Krueger, Jean A. King, 1998 This volume is indispensable for those who want to improve their focus group moderating skills Based on years of experience in moderating and training others to moderate Richard Krueger offers tips and sound advice on how to gain expertise in leading focus groups The book is an easy to read overview of critical skills needed by moderators the various approaches that successful moderators use and strategies for handling difficult situations Beginners will find an invaluable guide and the more experienced will discover tips and strategies for honing their skills

Assessment Practice in Student Affairs John H. Schuh, M. Lee Upcraft, 2001 When Assessment in Student Affairs was first published in 1996 readers found a practical context for viewing the power of assessment across the domain of student services Since then John H Schuh and M Lee Upcraft have received numerous requests for more specific guidance to

assessing and communicating the value of student affairs This manual continues the work begun in their earlier book and provides a full range of tools for conducting effective assessments The authors begin with an overview of the assessment process and then detail a range of methodologies approaches and issues explaining how to use them and when to recruit expertise from other campus sources Drawing from the latest practice and a wealth of case studies they discuss Qualitative assessment including how to conduct focus groups Quantitative assessment including how to select and design instruments Data collection and analysis including mailed questionnaires telephone surveys and Web based surveys Assessing diverse needs satisfaction outcomes environments cost effectiveness and accreditation Specialized assessment studies including how to review dropouts graduates academic success and group educational programs Select programs in student services including first year programs recreation programs financial aid admissions residence halls college unions health services career services counseling services judicial affairs and Greek life Organizational and ethical approaches to assessment
