Relational Mindfulness Roberto Aristegui,Javier Garcia Campayo,Patricio Barriga,2021-03-25 This book proposes a new approach to mindfulness based interventions presenting them not as individual but as relational practices In the last decades mindfulness has exerted a growing influence on many fields of research and activity but always as an individual practice The authors in this volume believe that the strong development of mindfulness today implies considering a dialogue between this individualistic approach and the perspective of relational mindfulness based on social constructionism The volume is organized in two parts The first part focuses on the theoretical foundations of relational mindfulness The second part presents possibilities of applications of relational mindfulness in clinical and organizational settings to promote mental health and personal development Relational Mindfulness Fundamentals and Applications will be of interest to a wide range of professionals interested in applying mindfulness based interventions in mental health care and productive organizations such as clinical and health psychologists public health professionals and human resources analysts and consultants among others It is true that the metaphor of mindfulness has been enormously fruitful in its invitation to innovate By removing meditative practices from their ancient roots practitioners were free to create practices especially relevant to context At the same time there was also a recognizable loss in the profoundly rich heritage that was left behind For many of us the greatest loss resulted from the absorption of such practices into Western individualism What had once been an orientation to practice emphasizing our fundamental inter being had become a gateway to silent separation It is in this context that the present

volume bursts into significance With special appreciation to the editors of this book we are treated to a multi dimensional exploration into the relational dimensions of mindfulness practices Bringing ideas experience and wisdom from across professions and across continents the contributors open an exciting path to the future Excerpt from the Foreword by Kenneth J Gergen Mindfulness-Based Strategic Awareness Training Juan Humberto Young, 2016-11-14 Mindfulness Based Strategic Awareness Training A Complete Program for Leaders and Individuals is the first book to link mindfulness training and positive psychology to the leadership strategy and management issues faced by individuals and organizations Sets out a complete program in Mindfulness based Strategic Awareness Training MBSAT a new form of strengths based business mindfulness training which enhances participants ability to perceive opportunities adapt and grow Draws on research from neuroscience positive psychology behavioural finance and management to show how leaders managers and individuals can build and maintain more resonant relationships and adapt to constant change Includes real life vignettes specific instructions and a wealth of resources designed to guide experiential learning including background information exercises guidelines hand outs graphics and guided audio meditations Mindfulness training is increasingly used in organizational contexts the author is a pioneer in designing and delivering training that applies mindfulness and positive psychology to the strategic challenges of management and business Reviews by Experts This book is important for all who seek to lead organizations showing how mindfulness can be combined with the findings from positive psychology for the benefit of all The book is not just good theory It also provides a step by step practical program to cultivate a balance between motivation for outcomes on the one hand and compassion toward self and others on the other Here are skills that can be learned skills that can truly inspire and sustain wise leadership Mark Williams Emeritus Professor of Clinical Psychology University of Oxford was also the Founding Director of the Oxford Mindfulness Centre Now Senior Research Fellow at the Department of Psychiatry of Oxford University Author of Mindfulness An Eight week Plan for Finding Peace in a Frantic World Co author with Zindel V Segal and John Teasdale of Mindfulness Based Cognitive Therapy for Depression In today s disruptive times it is happy and loyal customers that count This rich and practical book provides an exceptionally smart learning tool to help consumers make mindful decisions that lead to happiness And for any leader and manager it is a key reading for making wise business and marketing decisions that create value Bernd Schmitt Ph D Professor Columbia Business School New York Author of Experiential Marketing How to Get Consumers to Sense Feel Think and Act Relate to your Company and Brands and Happy Customers Everywhere How Your Business Can Profit from the Insights of Positive Psychology Juan Humberto Young is the first to integrate positive psychology and mindfulness with a results oriented focus on business strategy In today s ever changing organizations leaders need clarity and flexibility to adapt and succeed Built on leading edge science this book offers a step by step program that will light your path not only to greater strategic awareness but also to greater well being Barbara L Fredrickson Ph D Kenan Distinguished Professor of Psychology and Neuroscience University of North Carolina at
