Français 3ème Alain Pagès,2003-05-28 **Français, 5e** Alain Pagès,2001 **Caring for Migrant and Minority Patients in European Hospitals** Alexander Bischoff,2006 Social changes in European societies place migration and cultural diversity on the European political agenda. The European initiative Migrant Friendly Hospitals (MFH) aims to identify, develop and evaluate models of effective interventions. It has the following objectives: To strengthen the role of hospitals in promoting the health of migrants and ethnic minorities in the European Union and to improve hospital services for these groups. This report reviews models of effective intervention in the medical literature and provides the background information needed to enable partner hospitals taking part in the MFH initiative to select and implement suitable interventions. The interventions reviewed in this study are grouped in four areas: Communication, Responsiveness, Empowerment of migrant and minority patients and communities, Monitoring of the health of migrants and minorities and the health care they receive. Healthcare Interpreting Franz Pöchhacker, Miriam Shlesinger, 2007-01-01 This volume is the first ever collection of research on healthcare interpreting centered on three interrelated themes: cross-cultural communication in healthcare settings, the interactional role of persons serving as interpreters and the discourse patterns of interpreter-mediated interaction. The individual chapters by seven innovative researchers in the area of community-based interpreting represent a pioneering attempt to look beyond stereotypical perceptions of interpreter-mediated interactions. First published as a Special Issue of *Interpreting* 7-2 (2005), this volume offers insights into the impact of the interpreter whether s/he is a trained professional or a member of the patient's family, including ways in which s/he may either facilitate or impair reliable communication between patient and healthcare provider. The five articles cover a range of settings and specialties from general medicine to pediatrics, psychiatry and speech therapy using languages as diverse as Arabic, Dari, Farsi, Italian and Spanish in combination with Danish, Dutch, English and French. **Jeu de Dames**, *Coordinating Participation in Dialogue Interpreting* Claudio
