**The Soul of Discretion** Susan Hill,2014 The eighth Simon Serrailler case Not all great novelists can write crime fiction but when one like Susan Hill does the result is stunning Ruth Rendell The cathedral town of Lafferton seems idyllic but in many ways it is just like any other place As part of the same rapidly changing world it shares the same hopes and fears and the same kinds of crime as any number of towns up and down the land When one day DC Simon Serrailler is called in by Lafferton's new Chief Constable Kieron Bright he is met by four plainclothes officers He is asked to take the lead role in a complex potentially dangerous undercover operation and must leave town immediately without telling anyone or not even his girlfriend Rachel who has only just moved in with him Meanwhile Simon's sister Cat is facing difficult choices at work that will test her dedication to the NHS But an urgent call about her and Simon's father Richard soon presents her with a far greater challenge much closer to home To complete his special op Simon must inhabit the mind of the worst kind of criminal As the op unfolds Lafferton is dragged into the sort of case every town dreads And Simon faces the fight of his life **Braille Book Review** ,2013 **The Soul of Discretion** Susan Hill,2015-01-02 Simon Serrailler is called upon to work a case in the

identity is so compelling and yet so problematic The cast of outstanding contributors then interrogate different dimensions of the crisis of identity in so doing they provide both theoretical and substantive insights into different approaches to understanding identity *A Question of Identity* Norman A. Identity: Quest and Questions Raisun Mathew,2022-08-27 This academic edited volume analyses and interprets the constantly altering meaning s and expression s of identity in the context of rising tensions and conflicts caused by society s dominant power structures on vulnerable and victimised groups The question of identity that arises in a person gets into conflict with the social structures that complicate the notion at every instant of developing newer definitions of existence in the multifaceted world These social constructs either directly or indirectly employing persuasion or coercion and through manoeuvre or manipulation develop to deviate from the expected normative identity possessed to knowingly or unknowingly embrace the other identity The freedom to continue in one s own identity or freely transit between identities without the stains of society s constructs is critical thus resulting in the debates and questions raised by on for identity It is equally important to understand the theoretical and conceptual underpinnings of the notion of identity that influence and get influenced by the connected spheres of gender dysphoria patriarchal ascendance cultural diversity and construction uncertainties and conflicts of diaspora alterity and entrapment migration and displacement caste oppression vulnerability and victimisation state apparatuses and subalternity Through multifarious themes and topics of discussion related to exploring the notion of identity this book converges the diverse perspectives on various situational existences of people Thus an elaborate and wider angle on the transitions and formation of identity is captured to decipher the relevance and significance of identity *Identity* Zygmunt Bauman,2013-05-08

This topical new book by Zygmunt Bauman explores the notion of identity in the modern world As we grapple with the insecurity and uncertainty of liquid modernity Bauman argues that our socio political cultural professional religious and sexual identities are undergoing a process of continual transformation Identities the world over have become more precarious than ever we live in an era of constant change and disposability whether it s last season s outfit or car or even partner and our identities as a result have become transient and deeply elusive In a world of rapid global change where national borders are increasingly eroded our identities are in a state of continuous flux Identity a notion that by its very nature is elusive and ambivalent has become a key concept for understanding the changing nature of social life and personal experience in our contemporary liquid modern age In this brief book Zygmunt Bauman explains compellingly why this is so *Enigmas of Identity* Peter Brooks,2011-10-09 From eminent critic Peter Brooks an exploration of the modern preoccupation with identity We know that it matters crucially to be able to say who we are why we are here and where we are going Peter Brooks writes in Enigmas of Identity Many of us are also uncomfortably aware that we cannot provide a convincing account of our identity to others or even ourselves Despite or because of that failure we keep searching for identity making it up trying to authenticate it and inventing excuses for our

unpersuasive stories about it. This wide ranging book draws on literature, law and psychoanalysis to examine important aspects of the emergence of identity as a peculiarly modern preoccupation. In particular the book addresses the social, legal and personal anxieties provoked by the rise of individualism and selfhood in modern culture. Paying special attention to Rousseau, Freud and Proust, Brooks also looks at the intersection of individual life stories with the law and considers the creation of an introspective project that culminates in psychoanalysis. Elegant and provocative, *Enigmas of Identity* offers new insights into the questions and clues about who we think we are.
