FDA and USDA Nutrition Labeling Guide Tracy A. Altman, 1998-06-05 FDA and USDA Nutrition Labeling Guide Decision Diagrams Checklists and Regulations provides hands on information and guidelines for understanding federal nutrition labeling requirements. This plain English analysis of FDA and FSIS labeling rules contains diagrams and tables and cites specific regulations. Decision diagrams walk the reader through volumes of information and make sense out of complicated regulatory processes. Checklists for managing information for developing specific labels help the reader track regulatory changes and document regulation applicability to company products. The RegFinder index references not only the text but also provides hundreds of regulatory citations.

A Food Labeling Guide Center for Food Safety and Applied Nutrition (U.S.), 1995

A Food Labeling Guide, 1988 Abstract This booklet is a summary of the required statements that must appear on food labels under federal laws administered by the Food and Drug Administration FDA.

The most frequently asked questions about food labels have been addressed using a question and answer format. Although there is no required food label approval process labels can be voluntarily submitted for an informal opinion by FDA.
