**A History of Germany 1918-2018** Mary Fulbrook, 2022-05 I have amended and added to the text for this expanded fifth edition in a number of ways In particular the analysis of the Berlin Republic has been extended to the end of August 2020 the section on the Holocaust has been amended in light of an ever expanding historiography that has significantly enhanced knowledge and understanding and there have been minor revisions to content and analysis throughout the text more in some chapters than others As before I have resisted the temptation to engage in radical alterations of style and argument that would have turned it into a substantially different book but aware that in some areas debates and approaches have moved on considerably I have updated by light rewriting where relevant A few additions and alterations have also been made to what remains a highly select bibliography at the end this is not intended to be comprehensive but merely to provide some starting points and suggestions for readers wishing to explore particular periods and topics in greater depth
