A Patterned Life Faith History And David Bebbington:

A Patterned Life Eileen Bebbington, 2014-10-20 David Bebbington one of the most influential historians working today is widely acknowledged as a world authority on religious history He is also recognized for having devised the Bebbington Quadrilateral as the standard definition of evangelicalism one of the most important global religious movements of the twenty first century In this lively study Eileen Bebbington who first met her husband as an undergraduate at the University of Cambridge over forty years ago paints a vivid portrait of the life and thought of this leading scholar Many who know Professor Bebbington s most celebrated books such as *Evangelicalism in Modern Britain* *Patterns in History* *The Mind of Gladstone* and *Victorian Religious Revivals* will be delighted to learn that his first such effort was actually *A History of the Ancient World with Which Is Incorporated Classical Mythology* a duly footnoted four volume work written at the age of nine *A Patterned Life* is much more than an account of the intellectual development of a preeminent historian it is a study of a life lived as a disciple of Jesus Christ a human and often humorous account of eccentricities an honest acknowledgment of trials and an inspiring witness to one person s efforts to integrate a deep earnest Christian faith with the best of modern thought

Pathways and Patterns in History Peter J. Morden, 2020-10-06 Professor David Bebbington is a highly regarded historian He holds a chair at the University of Stirling has been President of the Ecclesiastical History Society and has delivered numerous endowed lecture series as well as being deeply involved in the Dr Williams s Dissenting Academies Project He is both a popular and influential academic historian whose writings have significantly shaped our thinking about the history of evangelicalism Baptist life and political developments In *Pathways and Patterns* colleagues former research students and friends who are indebted to Professor Bebbington and value his contribution to scholarship join together to pay tribute to his outstanding work Not only has he stimulated academic endeavour he has also given much personal support not least to those in the Baptist Historical Society and in Colleges among them Spurgeon s College and Baylor University USA where he is a Distinguished Visiting Professor This volume reflects his wide involvements and the grateful esteem in which he is held Among Professor Bebbington s achievements has been both instituting and masterminding the very important International Conference on Baptist Studies ICOBS held every three years in different parts of the world It is appropriate then that this volume was presented to him at the Seventh ICOBS Conference held in Manchester July 2015 *World Christianity and the Unfinished Task* F. Lionel Young, III, 2021-03-15 This book is a short introduction to one of the most remarkable transformations in the modern world that many people still do not know about In 1900 more than 80 percent of the world s Christians lived in Europe and North America and nearly all of the world s missionaries were sent out from the West to the rest In a dramatic turn of events Christianity experienced a decidedly Southern shift during the twentieth century Today nearly 70 percent of the world s 2.5 billion Christians live in Africa Asia and Latin America while nearly half of all missionaries are being sent out into all the world from places like Brazil Ethiopia and South Korea This book is intended to

change the way readers think about the church and challenge the way Western Christians engage in contemporary missions

The Plymouth Brethren Massimo Introvigne, 2018 The book offers the first scholarly treatment of the Plymouth Brethren Christian Church PBCC one of the largest denominations within the Brethren movement that originated with John Nelson Darby and a 19th century revival in the British Isles The book discusses the Brethren movement in general the schisms the beliefs and daily life of the PBCC and the controversies surrounding its practice of strict separation from non members of the Church Brethren in Scotland 1838-2000 Neil Dickson, 2002 The Brethren were remarkably pervasive throughout Scottish society This study of the Open Brethren in Scotland places them in their social context and examines their growth development and relationship to society Publisher **Mission and the Coming of God** Tim Chester, 2006 How does the eschatological future impinge on the present Is the kingdom of God present outside the confession of Christ in movements towards social justice Is Christian hope a stimulus to social involvement or an alternative And how does the present impinge on the eschatological future What is the relationship between our actions now and the new creation Is there eschatological continuity between the two Jürgen Moltmann one of our most influential contemporary theologians has had much to say both on eschatology and its relationship to mission This book explores his thought along with evangelical responses to it Eschatology has been central to evangelical debates about social involvement ever since the Lausanne Congress in 1974 The book examines how evangelicals themselves have related hope and mission The book highlights the important contribution Moltmann has made while offering a critique of his thought from an evangelical perspective In so doing it touches on pertinent issues for evangelical missiology The conclusion takes John Calvin as a starting point proposing an eschatology of the cross which offers a critique of the over realized eschatologies in liberation theology and triumphalistic forms of evangelicalism **Spirit of the Last Days** Peter Althouse, 2003 Early Pentecostals proclaimed the restoration of the charismatic gifts as a sign of the imminent coming of Christ This eschatology was later marginalized by the rise of fundamentalist dispensationalism Today Pentecostal eschatology is being revised to include a more transformative view of the kingdom This book proposes a further revision of Pentecostal eschatology created to recover prophetic elements of early Pentecostalism that invite a responsible social engagement in the world and to overcome fundamentalist assumptions which have crept into Pentecostal theology in its middle years To this end the eschatological thought of selected Pentecostal theologians is placed in dialogue with Jürgen Moltmann This dialogue critiques fundamentalist tendencies within contemporary Pentecostalism by advocating a theology more open to history and creation and a Pentecostal ethic both personal and social in scope **Journal of Mennonite Studies**, 2004 The British Library General Catalogue of Printed Books 1976 to 1982 British Library, 1983 A Biographical Dictionary of 18th Century Methodism: P-Q Samuel J.
