A Profile Of Kenyan Entrepreneurs:

A Profile of Kenyan Entrepreneurs Waithaka, Wanjiru, Majeni, Evans, 2014-12-04 A Profile of Kenyan Entrepreneurs profiles a dozen of Kenya's most successful entrepreneurs across a variety of industries manufacturing pharmaceuticals agriculture ICT retail media and entertainment to name a few It is a collection that proves that when there is money to be made you cannot beat a good entrepreneur no matter how deprived his or her background Be inspired by stories that illustrate the triumph of hope over means and the resilience of the human spirit in the face of seemingly insurmountable odds Find out how they got to where they are the pitfalls and challenges along the way and how they made and lost millions Through their eyes you will get a fascinating glimpse into Kenya's history and the events that shaped business in the colonial pre and post independence periods In this first book of its kind Kenyan entrepreneurs tell it all the good the bad and the ugly From the building of the Kenya Uganda railway the state of emergency in 1952 and the crackdown on Mau Mau fighters the coffee boom and policy of Africanisation in the 1970s to the political corruption in the 1980s the decline of the Kenyan economy in the 1990s and the modicum of hope in 2000s And best of all a section on tips for aspiring entrepreneurs where they tell you how to achieve their level of success *Support for Growth-oriented Women Entrepreneurs in Kenya* Lois Stevenson, Annette St-Onge, 2005 The African Development Bank's AfDB Addis Ababa Forum in June 2003 focused on the role of women entrepreneurs in private sector development poverty reduction and sustainable growth and development It provided an opportunity for the AfDB and the International Labour Office ILO to join forces using their complementary expertise in support of women owned businesses in Tanzania Ethiopia and Zambia This report is based on the country assessment for Kenya where the ILO has been researching and supporting women's entrepreneurship Examining such issues as the economic context micro finance **Business and Social Crisis in Africa** Antoinette Handley, 2019-11-21 Much of the time when confronted with a crisis of national dimensions businesses do exactly what we expect them to do they look to their own survival Occasionally however firms in some contexts go beyond this Based on qualitative country based fieldwork in Eastern and Southern Africa Antoinette Handley examines how African businesses can be key responders to wider social and political crises often responding well in advance of the state She reveals the surprising ways in which business responses can be focused not on short term profits but instead on ways that assist society in resolving that crisis in the long term Taking African businesses in Kenya Uganda Botswana and South Africa as case studies this detailed exploration of the private sector response to crises including HIV AIDS and political violence crises introduces the concept of relative business autonomy exploring the conditions under which it can emerge and develop when and how it may decline and how it might contribute to a higher level of overall societal resilience *City Boy: Chronicles of a Nairobi Life* Dr. Frank Njenga, 2025-05-22 The mention of an African autobiography often evokes images of a want and penury a childhood sullied by poverty and hopelessness and the predictable rags to riches narrative Not so for City Boy In this bold and refreshing account

Dr Frank Njenga a leading psychiatrist and author weaves a compelling tale of growing up in an affluent neighbourhood attending a once European only school enjoying foreign travel in childhood and all the trappings of a good upbringing His account of the Mau Mau period as well as the post independence era is captivating With candour and charm he invites readers into the world that shaped him a world of books travel privilege and the rich tapestry of people who influenced his journey It is a story that turns tables on the notion that rural poverty and adversity in childhood are the building blocks of a successful life Rather City Boy offers a new lens through which to view adolescence in the 1960s personal ambition and what it takes to scale the heights of professional growth In City Boy Dr Njenga rewrites the script on success with elegance honesty and a rare clarity of thought

Support for Growth-oriented, Women Entrepreneurs in Ethiopia, Kenya, and Tanzania Lois Stevenson, Annette St-Onge, 2005 Covers the background information to the ILO African Development Bank country level studies on the subject and presents the findings and recommendations resulting from the application of the analytical integrated framework in the three countries
