New York and Slavery Alan J. Singer, 2008-08-21 Blending historical narrative with ideas for engaging young people as historians and thinkers Alan J Singer introduces readers to the truth about the history of slavery in New York State and by extension about race in American society Singer's perspective as a historian and a former secondary school social studies teacher offers a wealth of new information about the past and introduces people and events that have been erased from history New York both the city and the state were centers of the abolitionist struggle to finally end human bondage however at the same time enslaved Africans built the infrastructure of the colonial city The author shows teachers how to develop ways to teach about this very difficult topic He shows them how to deal with racial preconceptions and tensions in the classroom and calls upon teachers and students to become historical activists conduct research write reports and present their findings to the public

The Past Within Us Raymond

Martin,2014-07-14 Why do we interpret the past as we do rather than in some other way or not at all What is the significance of the fact that we interpret the past What are historical interpretations Raymond Martin s approach to these questions transcends both the positivist and humanistic perspectives that have polarized Anglo American philosophy of history Martin goes to the source of this polarization by diagnosing a deep seated flaw in the dominant analytic approach during the period from 1935 to 1975 namely the emphasis on conceptual analysis rather than the examination of actual historical controversies As an alternative Martin proposes an empirical approach that examines what makes one historical interpretation better than its competitors In addressing how historians should decide which explanations are better Martin opts for a case by case analysis of historiographical practice as opposed to establishing general criteria His book offers several detailed case studies involving such topics as the collapse of Lowland Maya civilization in the ninth century A D the fall of Rome and the alleged historical priority of St Mark s gospel over the other synoptic gospels Originally published in 1989 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *Parliamentary Debates* Victoria.
