grades near your office Teachers and students can be friends Don t tutor colleagues in graduate school A good teacher never destroys a student s dreams The most important thing to know is when to say nothing More important than the principles in each story is the way in which every small trail leads to a new discovery a new principle about school and life Whether it s teaching someone to be careful about promises or realizing that relationships are more valuable than the content of a course the short stories in A SOUTHERN FRIED EDUCATION display a wealth of wisdom about life culture and those things that can only be learned through time
