## **Ingenuity Gap How Can We Solve The Problems Of The Future:**

**The Ingenuity Gap** Thomas Homer-Dixon, 2011-04-30 Is our world becoming too complex and too fast paced to manage The challenges facing human societies from international financial crises and global climate change to pandemics of tuberculosis and AIDS converge intertwine and often remain largely beyond our ken Most of us suspect that the experts don't really know what's going on and that as a species we have released forces that are neither managed nor manageable This is the ingenuity gap the term coined by Thomas Homer Dixon the critical gap between our need for practical and innovative ideas to solve complex problems and our actual supply of those ideas Homer Dixon shows us how in our complex world while poor countries are particularly vulnerable to ingenuity gaps our own rich countries are no longer immune When the gap widens political disintegration and violent upheaval can result reaching into our own economies and daily lives in subtle unforeseen ways

**Privatizing Peace: From Conflict to Security** Allan Gerson, Nat Colletta, 2022-06-08 Privatizing Peace From Conflict to Security pinpoints the weaknesses in the numerous peacekeeping missions of recent decades as well as the blind spots in the thinking that guided them Even more significantly they clearly demonstrate the ways in which well meaning stabilization and reconstruction programs fail to accommodate the economic and social imperatives of war torn societies But this visionary work is not merely an indictment of First World myopia in the face of Third World devastation The authors offer cogent well thought out recommendations firmly grounded in current reality with a powerful determination to avoid the repetition of past mistakes Published under the Transnational Publishers imprint **Science of Spirit** Robert Donald Tonelli, 2011-01-17 Beyond the Secret Beyond the Power of Now is the Science of Spirit a Deeper look at life Why are we here alive on planet earth trapped in a life of 9 to 5 wage slavery Science of Spirit Lost Keys to the Kingdom of Heaven on Earth shows that all life on planet earth and in the universe is based on an evolution of consciousness from the beginning of time the Big Bang It clarifies the connectedness of all life with Science and to Spirit through the understanding of world old Hermetic Teachings in a balance of Reason and Faith Consciousness is the very fabric that all form is made out of and is the ground of all beingness of life Consciousness and the energy that makes up matter are inextricably combined or linked emerging in a sequence of events called occasions of experience that ultimately create our experiences in life and our reality The universe isn't made of things or particles Its a process Its made up of events The result of this evolution of consciousness is an Analogical Awareness of life living in the now moment of unlimited potentials for the growth of a new super conscious species of humanity moving through an Omega Point in time between 2011 2013 These Hermetic Teachings were clarified for me through the teaching of Ramtha and his Ancient Gnostic School much of what I have learned in 20 years my philosophy of life has its foundation in Ramtha's philosophy Our accelerating consciousness is moving to a quantum existence of Spirit in Mass God Man realized alive with all the lower species of life specifically the Sheeple of Economic Western Society The Science of Spirit is based on my personal experience my research and my understanding of the ancient

philosophy that this work comes from It uses from research the philosophy and experience of other very credible people that have studied different aspects of a Science of Spirit as a philosophy to live by I use this eclectic approach to build an accurate model of reality based in consciousness that allows us to create our own reality once we rid ourselves of the illusions of society This approach gives credibility to my overall viewpoint a modern interpretation of a very old philosophy and way of life A Science of Spirit that is inherent in Mother Nature It goes in depth about understanding What Consciousness Is An Analogical State of Awareness that is continuously evolving faster and faster to the eternal Now Moment It uses the discovery of a new perspective of the Mayan Calendar that is supposed to end in a religious Apocalypse at The Omega Point in time around 2012 as its foundational understanding of an Evolution of Consciousness on earth This philosophy and research show an Evolution of Consciousness a rising of an Analogical Awareness of life revealing a Science to the nature of Spirit It explains from a new perspective this battle between the Forces of Good and Evil at The End of Time This Ancient Science of Spirit philosophy explains how the primeval forces of life Spirit that are inherent in Mother Earth growing for 16 4 billion years are pitted against the dogmatic stagnant god fearing personalities that runs the Engines of Commerce of our Global Society with their focus on monetary control of the people and the planet This is a real life battle between evolving evolutionary beings against the Anti Christ Social Consciousness of The Multi National Corporations Religious dogmas talk about an Apocalypse at the end of time to help warn us of our impending doom the remarkable thing is that the word Apocalypse means the lifting of a veil or a disclosure to certain privileged persons of something hidden from the majority of humankind I will show in this book that the lifting of a veil is a rising of consciousness that knows no fear of the unknown and clarifies ancient predictions of the end days and the real battle of Armageddon This ancient Science
