**A Fork in the Road** D. D. Hulse, 2009-08 In my travels across the country the question asked most frequently is how I went from being a fundamentalist preacher to being a developer of healing techniques using tuning forks This book is the story of that journey I feel honored yet humbled to be among those rising to the call to facilitate the new 5th Dimensional energy coming into our third dimensional time space continuum Come with me as we journey step by step through my search for answers After looking at what I refer to in this book as my Fork in the Road a new truth was born a truth that provides answers for the Spirit Mind and Body I will share information concerning self healing using sound vibration and frequencies that can clear cleanse balance and focus our lives in all its forms The ancient Solfeggio frequencies are part of a process that can assist us in creating the possibility of lives without stress illness and sickness Together we will go to the cutting edge of scientific discoveries regarding sound and healing This book is also a call for Lightworkers to gather in this crucial time of change and transformation on the planet Join me and others who do not live in fear of the future Just tune your inner ear and listen to these wonderful new ideas as I share the techniques of working with sound and more specifically the Solfeggio tuning forks My hope is that we can all find the harmonics of our own individual music and that through this process we will be enabled to live balanced lives
