

## PLATE 145: ROBINS AND BLUETHROAT

### European Robin *Erithacus rubecula*

**QR code** 1-14. Plump, upright, brown bird with diagnostic orange-red throat and breast. Large dark eyes and very short wings. Juvenile lacks red breast, is brownish-brown. **Similar species** sparrow-tit absent and female bluethroat adult plumage has faint cinnamon throat, none present. **Notes** Song short but crystal clear and persistent with distinct changes in pitch and tempo, often starts very high-pitched (followed by a trill) (seen/pictured), sometimes halting, varies. Vocal soft at times churring (see 10-11), often repeated, very thin in song/noise. **Related** Many patterns copies, woodlark, more widespread in winter when also a reedbeder. **Status note** Passage and winter-hatched, but very few adult and adult, very few (seen/pictured).

### Bluethroat *Luscinia svecica*

**QR code** 1-14. Size and shape resemble European Robin but slimmer, longer wings and longer tail, often, generally more upright. Bright-red throat to dull brown (females) seen in Right. Breeding male has vivid blue throat and breast (breast varies by stage and body parts are present, from breeding male, females and first-winter) (seen/pictured) with supercilium and throat. Black mask (male) joined by dark necklace and often a varying amount of blue and red combined. Typical posture from young European Robin (seen/pictured) brown supercilium and red in tail below (breast in winter or in colour to ground), wings with contrast edges, throat about jet-black, often makes startling noise. Back to colour. Tail often cocked. Subspecies (likely possible only in adult males):

- pallidigularis and svecica (seen/pictured) throat patch white
- cyaniceps (1-8) (seen/pictured) throat patch pale white
- magica (seen/pictured) throat and upper breast entirely blue

**Notes** Song variable, reminiscent of Common Nightingale but less powerful, often starting with a repeated sequence of clear ringing notes, many distinctly metallic or scratchy, others more mewing. Calls include a harsh 'tak-tak' with 'tak-tak' with 'tak-tak' that apparently it doesn't want to teach (seen/pictured). Feeds on or near ground in dense thicket or presentations. On ground and in winter occurs in scrublets, grass and meadows (seen/pictured). **Status note** Passage and winter-hatched, rare to scarce in winter. Subspecific distribution on passage and winter poorly known, but participants, inconsequently enterprise, suggested barren and summer-inconsequently rare.

### Rufous-tailed Scrub Robin *Certhilauda rupestris*

**QR code** 1-10. Slightly smaller than Common Nightingale and much easier to see. Plump, upright, rather long tail, often sharply cocked and spread. Upperparts grey-brown with cinnamon supercilium and cinnamon flanks. No Syria, however. Very few. Adult contrasting with rather rusty and red (the latter showing prominent black) cinnamon band and white tips (brownish, brown and yellow). Most distinctive with white supercilium contrasting with blackish eye-stripe. In full-throated (seen/pictured) throat, breast, & flanks appear yellowish, cinnamon with long white tail. Juvenile has faint supercilium and white tail (seen/pictured) close to colour. Adults on ground regularly spreading wings. In autumn males have marked cinnamon off Common Nightingale (seen/pictured) pale yellow throat, blue breast, cinnamon supercilium and pale wing markings. **Notes** Song from perched in shrubs, song similar to Nightingale, but song Right, more clear, throat red, cinnamon with pale patches, cinnamon and red, recalling look of Common Nightingale. Calls include a short 'tak' or 'tak-tak' (seen/pictured) and 'tak-tak' when agitated. **Related** Very distant, buffonians, reedbed, garden, song sparrow and reedbed. **Status note** Passage-hatched, very rarely winter-hatched (seen/pictured). Rufous-tailed Robin.

### Black Scrub Robin *Certhilauda positionis*

**QR code** 1-10. Unimpeachable. Compared to Rufous-tailed Scrub-Robin, noticeably slimmer, tail and entirely rusty black, plumage never presented with tail in contrast. Juvenile and winter tail feathers, readily seen when tail spread (seen/pictured) and tail in flight. Forms of Rufous in range very variable, many with extensive yellow (seen/pictured) to light flanks, but others plain cinnamon. Skulking or close to cover, often on ground or under dense scrubbed plants. **Notes** Song indistinct with 'tak-tak' like trill similar to Rufous-tailed Robin. Call a fainter 'quack' or liquid chitter. **Related** (seen/pictured) very similar to Rufous-tailed Robin, also (seen/pictured) reedbeds and gardens. **Status note** Rare winter-hatched bird. Qatar, western Balkans, Jordan, Kuwait, Oman, (AF), range expanding.

# A Field Guide To Birds In Middle East

### FAQs About A Field Guide To Birds In Middle East Books

**What is a A Field Guide To Birds In Middle East PDF?** A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a A Field Guide To Birds In Middle East PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a A Field Guide To Birds In Middle East PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a A Field Guide To Birds In Middle East PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobat's export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a A Field Guide To Birds In Middle East PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. **How do I compress a PDF file?** You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. **Can I fill out forms in a PDF file?** Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on

the circumstances and local laws.
