Discourse of Theology Theodore Parker, 2021-04-11 In *Discourse of Theology* Theodore Parker engages with the critical inquiries of religion and morality in a style that is both eloquent and incisive blending rational thought with deep ethical considerations. This work emerges from the Unitarian tradition reflecting the intellectual currents of 19th century Transcendentalism while challenging dogmatic theology. Parker articulates a vision of a more universal and personal faith emphasizing human experience as the basis for understanding the divine which echoes the sentiments of his contemporaries while maintaining a refreshing originality that invites readers into profound contemplation. Theodore Parker was a prominent American transcendentalist thinker abolitionist and social reformer with a keen interest in religious thought. His diverse background as a minister and a scholar informed his theological explorations imbuing them with a strong commitment to social justice and progressive ideals. Parker's critical stance towards established religious institutions allowed him to advocate for a theology rooted in human experience rather than tradition which is palpable in this seminal text. *Discourse of Theology* is essential reading for anyone seeking to navigate the complexities of faith in a modern context. Parker's insights offer a fresh dialectic inspiring readers to reflect on their own beliefs and challenging them to embrace a more inclusive and compassionate understanding of spirituality

An Introduction to Christian Theology Richard J. Plantinga, Thomas R. Thompson, Matthew D. Lundberg, 2010-03-18 Far from being solely an academic enterprise the practice of theology can pique the interest of anyone who wonders about the meaning of life. Inviting readers on a journey of faith seeking understanding this introduction to Christian theology its basic concepts confessional content and history emphasizes the relevance of the key convictions of

Christian faith to the challenges of today's world. In the first part this book introduces the project of Christian theology and sketches the critical context that confronts Christian thought and practice today. In a second part it offers a survey of the key doctrinal themes of Christian theology including revelation, the triune God and the world as creation identifying their biblical basis and the highlights of their historical development before giving a systematic evaluation of each theme. The third part provides an overview of Christian theology from the early church to the present.

The Historic Church Archpriest John W. Morris, 2011-07-19
The Historic Church is a survey of Christian history written for Orthodox Christians by an Eastern Orthodox scholar. Although one can find many excellent studies of Christian history in the United States none of them considers the development of Christianity from an Eastern Orthodox point of view. The work begins by laying a foundation for the study of Christian history by discussing the beliefs and practices of the ancient Church during the age of the Fathers and the Seven Ecumenical Councils. The author then discusses the development of Roman Catholicism and the theological and cultural reasons for the split between Rome and Orthodoxy and relations between East and West following the schism. He concludes his work with a discussion the origins and historical development of every major Protestant group and tells how they differ from Orthodoxy.

From Resurrection to New Creation Michael W. Pahl, 2010-02-01
What is Christianity really all about? Is it in its essence about proper religious rituals or correct religious beliefs or acceptable moral behavior? What is at the heart of an authentic Christian faith and life? In *From Resurrection to New Creation* Michael Pahl provides an introduction to Christian theology which attempts to answer these questions proposing that the heart of Christianity is not a set of rituals or beliefs or behaviors but an event—the resurrection of the crucified Jesus from the dead that prompts a story—the gospel or good news of salvation through Jesus. Jesus' resurrection Pahl claims is the starting place and the compass in the journey of Christian theology our journey to understand God's work in the world and how we should live out God's purposes for humanity. Thus beginning with Jesus' resurrection and using this event as a guide Pahl surveys the terrain of classic Christian belief and practice: The Trinity, the identity of Jesus, the work of the Holy Spirit, the nature of humanity, Christ's atonement for sin, salvation and the gospel, baptism and the Eucharist, the church and the future state—all these landscapes and more are explored in this concise introductory survey of essential Christian theology.

A Journey through Christmas Justin Miller, Eric O'Dell, Tonna O'Dell, 2019-10-09
Christmas season is a time to reflect on the life-altering universe-shaking event that took place approximately 2000 years ago in a small village in Palestine. The King of glory, the eternal God, the Son entered the human race to save sinners from every tribe, tongue and nation. Jesus, in his high priestly prayer hours before his crucifixion, prayed in John 17:4-5: "I glorified You on the earth having accomplished the work which You have given Me to do. Now Father, glorify Me together with Yourself with the glory which I had with You before the world was." Jesus' focus from his birth to his ascension was clear: To glorify God the Father and to magnify all that God is like, culminating in the cross for the salvation of God's people. The one born of the virgin

Mary lived to show the nature of God This Christmas season we are going to look at twenty five things concerning who and what God is With each attribute there is an accompanying song of response and explanation behind the song God is Holy and Glorious This season study who he is and see more clearly the beauty of what Christ accomplished on the cross **A**
