A Lesson Before Dying Or a Lesson for Living? How One Nine-Page Chapter, in Ernest J. Gaines' A Lesson Before Dying, Connected the Lines Between Life, Death, and Everything in Between Samantha Nicole Rincon, 2019 This thesis focuses on the nine page diary present in Ernest J. Gaines's *A Lesson Before Dying* The diary is the only real form of communication from Jefferson a young African American man who was sentenced to death for a crime he did not commit After being stripped of his manhood while on trial it became a group effort to assist this man in regaining his manhood In this thesis the diary became the topic of focus and was examined to see why it had such an important role in the novel Separated into three chapters each looking at specific moments and people that

helped the diary come to fruition. The first chapter focuses on key moments that helped influence the diary. The second chapter focuses specifically on the content of the diary and dissects the entries. Lastly, the third chapter focuses on the effects of the diary not on the main character but to those involved in his journey. Thus the thesis becomes centered on answering why a nine page chapter in the African American Vernacular English uncovered one's manhood and ultimately defines his journey to death less.

Literature and Music Michael J. Meyer, 2002 This collection of essays centers on musical elements that authors have employed in their work thus joining heard sounds to a visual perception of their stories. The spectrum of authors represented is a wide one from Pound to Durrell from Steinbeck to Cather from Beckett to Gaines but even more unusual is the variety of musical type represented. Classical music, the quartet, the fugue, the symphony, Jazz, the jazz riff and jazz improv and the spiritual all appear along with folk song and so called random noise. Such diversity suggests that there are few limits when readers consider how great writers utilize musical styles and techniques. Indeed each author seems to realize that it is not the type of music that one chooses to employ that is important. Rather it is the realization that such musical elements as harmony, dissonance, tonal repetition and beat are just as important in prose composition as they are in poetry and song. The essayists have selected some works that may be considered obscure and some that are modern classics. Each one however has captured one of the varied ways in which words and music complement and enhance each other.

The Topic of Education in Ernest J. Gaines' Novel "A Lesson Before Dying" Birgit Wilpers, 2011 Seminar paper from the year 2010 in the subject American Studies Literature grade 10 University of Paderborn Anglistik Amerikanistik course Contemporary African American Literature language English abstract The title of Ernest J. Gaines' book *A Lesson Before Dying* already alludes to the fact that education is one of the main themes of the novel. In this essay I want to analyze the different aspects of education that are represented in his work. I will concentrate on the subject of formal education and would like to pose the question if it is a way out of mental slavery for African American people.
