Liu journalist U S citizen father of three spy Murdered in October 1984 in the privacy of his California home by agents of an  
important American ally Who exactly was Henry Liu and why was he killed Fires of the Dragon takes as its starting point the  
death of Henry Liu but it is more than one man s story Liu s life and death is the window through which renowned  
investigative reporter David E Kaplan unveils for the first time ever a dramatic and disturbing tale of international intrigue  
Since the end of the Chinese Civil War in 1949 when Mao Tse tung s Communist forces swept to victory and Chiang Kai shek  
s Kuomintang KMT fled to the island of Taiwan the Communists and the KMT have waged a brutal battle for control of the  
world s most populous people As Kaplan reveals this war has been exported to more than a dozen countries and nowhere has  
this struggle proved more intense than in the United States In this remarkable expose Kaplan unmasks forty years of  
espionage and dirty tricks directed against America by its Taiwanese ally Among the book s many revelations are how KMT  
spies infiltrated the State Department and FBI sabotaged the nation s foreign policy and recruited the Mafia to steal America  
s nuclear bombs While U S officials turned a blind eye Taiwan s agents wreaked havoc in America terrorizing its Chinese  
students and emigres and making a mockery of the U S Constitution Henry Liu s life provides a compelling framework for the  
telling of this story Born in a small Chinese village Liu endured firsthand the devastation of the civil war At seventeen his  
father murdered and his family stripped of all its possessions he joined the KMT Army in its humiliating flight to Taiwan After  
eighteen years in exile disillusioned with the KMT he moved to the United States to create a new life But like millions of  
other Overseas Chinese Liu remained torn between his loyalties to China Taiwan and his new home abroad This division was  
to prove fatal for as his fame as a Chinese author and journalist spread Liu was drawn into the world of espionage ultimately

becoming tied to spy agencies from each of his three homelands To unearth Liu s story David Kaplan launched an extraordinary three year investigation that took him from village elders in rural China and crime bosses in Taipei to the CIA s top China hands in Washington Moving easily from the search for Liu s murderers into the larger more troubling drama at work Kaplan draws in the historical forces that made Liu s murder inevitable With its masterful blending of plot personalities and probing questions *Fires of the Dragon* is a mesmerizing and incisive work of historical discovery More than a groundbreaking history of U S China relations it is a timely parable for the end of the Cold War a story of how nations react when enemies become friends and friends become enemies **BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved**
