This edition has been fully updated in line with the 17th Edition IEE Wiring Regulations **IEE On-Site Guide**, 2001. Following publication of the new version of The 16th Edition IEE Wiring Regulations in 2001 BS7671:2001, The IEE On site Guide has also now been revised. The guide is a practical guide to the Wiring Regulations and is the adopted text for many college and training courses for electricians' electrical installation. **16th Edition IEE Wiring Regulations: Inspection, Testing & Certification** Brian Scaddan, 2007-06-07. Brian Scaddan's guides to the IEE Wiring Regulations have established themselves as an industry standard. This new edition will be an essential reference for all contractors, technicians and other professionals working in a non-supervisory capacity as well as newcomers to the industry, all of whom are involved in inspecting and testing electrical installations and need to ensure their work complies with the latest version of the Wiring Regulations. This text is a practical guide to the current inspection and testing requirements in electrical installation and is written specifically for the City Guilds 2391 vocational award, the next step for anyone with a 2381 qualification, advancing technical knowledge without the supervisory emphasis of the 2400. The new edition is updated throughout to match the 2004 version of BS 7671:2001, incorporating Amendments 1:2002 and 2:2004, and is supported by a sample test paper complete with model answers and mark scheme. The fifth edition also provides essential information on the completion of electrical installation certificates with a step-by-step guide on the entries that need to be made and where to source data. Brian Scaddan is the Chief Examiner for the City Guilds 2391 vocational award. He has 30 years' experience in Further Education and is now Director of Brian Scaddan Associates Engineering Training Consultants.
