

Beginning in the cell marked #1, solve the problem and then hunt for the answer in one of the remaining cells. When you find it, mark that problem #2. Work that problem and then hunt for your answer. Proceed in this manner until you complete the circuit. You will need to write in the answer for the final problem.

|                                                                                                                                                                   |                                                                                                                                                                      |
