Developing and Validating Test Items Thomas M. Haladyna,Michael C. Rodriguez,2013-07-18

Since test items are the building blocks of any test learning how to develop and validate test items has always been critical to the teaching learning process As they grow in importance and use testing programs increasingly supplement the use of selected response multiple choice items with constructed response formats This trend is expected to continue As a result a new item writing book is needed one that provides comprehensive coverage of both types of items and of the validity theory underlying them This book is an outgrowth of the author s previous book Developing and Validating Multiple Choice Test Items 3e Haladyna 2004 That book achieved distinction as the leading source of guidance on creating and validating selected response test items Like its predecessor the content of this new book is based on both an extensive review of the literature and on its author s long experience in the testing field It is very timely in this era of burgeoning testing programs especially when these items are delivered in a computer based environment Key features include Comprehensive and Flexible No other book so thoroughly covers the field of test item development and its various applications Focus on Validity Validity the most

important consideration in testing is stressed throughout and is based on the Standards for Educational and Psychological Testing currently under revision by AERA APA and NCME Illustrative Examples The book presents various selected and constructed response formats and uses many examples to illustrate correct and incorrect ways of writing items Strategies for training item writers and developing large numbers of items using algorithms and other item generating methods are also presented Based on Theory and Research A comprehensive review and synthesis of existing research runs throughout the book and complements the expertise of its authors *Illinois Reading Council Journal*, 2013 *Intersectionality of Race, Ethnicity, Class, and Gender in Teaching and Teacher Education* Norvella P. Carter, Michael Vavrus, 2018-04-16

In *Intersectionality of Race Ethnicity Class and Gender in Teaching and Teacher Education* the editors bring together scholarship that employs an intersectionality approach to conditions that affect public school children teachers and teacher educators Chapter authors use intersectionality to examine group identities not only for their differences and experiences of oppression but also for differences within groups that contribute to conflicts among groups This collection moves beyond single dimension conceptions that undermines legal thinking disciplinary knowledge and social justice Intersectionality in this collection helps complicate static notions of race ethnicity class and gender in education Hence this book stands as an addition to research on educational equity in relation to institutional systems of power and privilege *Critical Pedagogy in the Language and Writing Classroom* Gloria Park, Sarah Bogdan, Madeleine Rosa, Joseph Navarro, 2023-04-25 This volume introduces theory to practice based critical pedagogy grounded in Paulo Freire's scholarship to language and literacy learning settings The chapters present authentic experiences of teacher scholars feature real world examples and activities ready for implementation in the classroom and provide nuanced guidance for future teachers The examples and activities from teacher scholars place critical pedagogy at the heart of classroom contexts and cover key topics including place based pedagogy contemplative pedagogy technology within the classroom and translingual and multimodal paradigms The chapters include further readings and discussion questions that challenge assumptions and promote deeper reflection and can be modified for different teaching contexts This practical volume is essential reading for students and scholars in TESOL and critical pedagogy
