				SRS treatment management	77432
				SBRT treatment management	77435
				Intraoperative treatment management	77469
				Special treatment procedure	77470

\*In 2015, CMS created Healthcare Common Procedure Coding System (HCPCS) G-codes to report CPT codes that were deleted in 2015. The agency will continue requiring the use of G-codes under the Medicare Physician Fee Schedule (MPFS) in 2016 to report conventional radiation treatment delivery, IMRT delivery and IGRT. In 2015, Congress passed legislation that freezes payment rates for the G-codes for three years under the MPFS. In 2017 and 2018, the code definitions, work relative value units and direct inputs for the practice expense relative value units for G6001-G6015 will remain at the levels established under the 2016 MPFS.
