Foundations of Python Network Programming John Goerzen,Tim Bower,Brandon Rhodes,2011-02-24 This second edition of Foundations of Python Network Programming targets Python 2.5 through Python 2.7 the most popular production versions of the language Python has made great strides since Apress released the first edition of this book back in the days of Python 2.3 The advances required new chapters to be written from the ground up and others to be extensively revised You will learn fundamentals like IP TCP DNS and SSL by using working Python programs you will also be able to familiarize yourself with infrastructure components like memcached and message queues You can also delve into network server designs and compare threaded approaches with asynchronous event based solutions But the biggest change is this edition's expanded treatment of the web The HTTP protocol is covered in extensive detail with each feature accompanied by sample Python code You can use your HTTP protocol expertise by studying an entire chapter on screen scraping and you can then test lxml and BeautifulSoup against a real world web site The chapter on web application programming now covers both the WSGI standard for component interoperability as well as modern web frameworks like Django Finally all of the old favorites from the first edition are back E-mail protocols like SMTP POP and IMAP get full treatment as does XML RPC You can still learn how to code Python network programs using the Telnet and FTP protocols but you are likely to appreciate the power of more modern alternatives like the paramiko SSH2 library If you are a Python programmer who needs to learn the network this is the book that you want by your side *Network+ Lab Manual for Guide to Networks* Todd Meadors,2000 The Network Guide to Networks Lab Manual presents extensive hands on exercises and case studies to practice concepts learned on the way to obtaining Network certification Designed as a complement to Network Guide to Networks this manual also stands alone as an excellent resource for practical hands on independent study
