**Corporate Governance Codes for the 21st Century** Jean J. du Plessis,Chee Keong Low,2017-04-19 The book is the first comprehensive consideration since the UK Cadbury Report recommended a voluntary Corporate Governance Code of the question whether Corporate Governance Codes are the most effective way of ensuring adherence to good corporate governance principles There is no doubt that the idea of voluntary compliance with good corporate governance practices based on the principle of comply or explain has captured the imagination of the world It is probably one of the best and most comprehensive examples of self regulation ever seen in any area where the society could be affected significantly for current purposes by corporations However is this the most effective way of ensuring that corporations act responsibly and adhere to good corporate governance principles Have these Codes really improved corporate governance practices significantly Is it time for a rethink and at least in certain areas start to rely more on hard law and clearer expectations to ensure compliance All these issues are addressed in the book *Who's Who in the South and Southwest, 2001-2002* Marquis Who's Who,2001-11

**Global Securities Litigation and Enforcement** Pierre-Henri Conac,Martin Gelter,2019-01-03 Global Securities Litigation and Enforcement provides a clear and exhaustive description of the national regime for the enforcement of securities legislation in cases of misrepresentation on financial markets It covers 29 jurisdictions worldwide some of them are important although their law is not well known It will be an invaluable resource for academics and students of securities litigation as well as for lawyers policy makers and regulators The book also provides a comprehensive contribution debate on whether public or private enforcement is preferable in terms of development of securities markets It will appeal to those interested in the legal origins theory and in comparative securities law and shows that the classification of jurisdictions within legal families does not explain the differences in legal regimes While US securities law often serves as a model for international convergence some of its elements such as securities class actions have not been adopted worldwide

**D&B Reference Book of Corporate Managements** ,2009 **Sombreros and Motorcycles in a Newer South** P. Nicole King,2012-02-15 In 1949 Alan Schafer opened South of the Border a beer stand located on bucolic farmland in Dillon County South Carolina near the border separating North and South Carolina Even at its beginning the stand catered to those

interested in Mexican themed kitsch sombreros toy pinatas vividly colored panchos salsas Within five years the beer stand had grown into a restaurant then a series of restaurants and then a theme park complete with gas stations motels a miniature golf course and an adult video shop Flashy billboards featuring South of the Border's stereotypical bandit Pedro advertised the locale from 175 miles away An hour south of Schafer's site lies the Grand Strand region sixty miles of South Carolina beaches and various forms of recreation Within this region Atlantic Beach exists From the 1940s onward Atlantic Beach has been a primary tourist destination for middle class African Americans as it was one of the few recreational beaches open to them in the region Since the 1990s the beach has been home to the Atlantic Beach Bikefest a motorcycle festival event that draws upward of 10 000 African Americans and other tourists annually Sombreros and Motorcycles in a Newer South studies both locales separately and together to illustrate how they serve as lens for viewing the historical social and aesthetic aspects embedded in a place's culture over time In doing so author Nicole King engages with concepts of the Newer South the contemporary era of southern culture which integrates Old South and New South history and ideas about issues such as race taste and regional authenticity Tracing South Carolina's tourism industry through these locales King analyzes the collision of southern identity and place with national corporatized culture from the 1940s onward Sombreros and Motorcycles in a Newer South locates campy but historic tourist sites that serve as important texts for better understanding how culture moves and more inclusive notions of what it means to be southern today
