about the chapter content in the perspective of the patient's experience so they can develop empathy for the patient and consider how their actions will be experienced by the patient. Coverage of national curriculum competencies with a listing of the AAMA and RMA competencies in the instructor's package. A correlation grid of chapter objectives to curriculum competencies assures complete compliance with accreditation requirements. Two special chapters on student skills and employment provide excellent advice on how to get the most out of the learning experience and how to get a job and succeed in one's career. Coverage is included of the three prerequisites of any medical assisting program: medical terminology, A/P, and pathology, making this an all-encompassing text that renders the purchase of additional texts unnecessary. Heavily illustrated step-by-step procedures with charting examples and rationales promote better understanding of how to properly perform all clinical and administrative procedures. Weighted competency checklists for all skills are in the student workbook. What Would You Do case studies presented at the beginning of each chapter are revisited at the chapter end along with questions to help students develop their critical thinking skills. These scenarios and questions also make excellent class or small group discussions or homework assignments. Suggested responses are in the instructor's package. For Further Exploration boxes suggest topics for further Internet research. Internet research activities are available in the student workbook with active links on the companion website that are organized by chapter. Summary Keys offer a bulleted review of important points for each learning objective reinforcing the content students must master for each chapter. Companion online course follows a generic organizational structure with reading assignments keyed to the Klieger textbook. This course can either stand alone as true distance education courses or can be used effectively to reinforce a traditional classroom course. An online mentor steps students through a virtual externship as they meet realistic patients, physicians, and co-workers while learning the basic theory and practicing the key curriculum skills.
