**Presidential Campaigns** Paul F. Boller Jr., 2004-07-22

Were presidential campaigns always as bitter as they have been in recent years Or is the current style of campaigning a new political development In this revised and updated edition of Presidential Campaigns the answers to these questions are clear the race for the presidency although at times mean and nasty has always been an endlessly entertaining and highly charged spectacle for the American public This book unveils the whole history of American presidential elections from the seamless ascent of General George Washington to the bitterly contested election of George W Bush bringing these boisterous contests to life in all their richness and complexity In the old days Boller shows campaigns were much rowdier than they are today Back in the nineteenth century the invective at election time was exuberant and the mudslinging unrestrained a candidate might be called everything from a carbuncle faced old drunkard to a howling atheist But there was plenty of fun and games too with songs and slogans speeches and parades all livening up the scene in order to get people to the polls Presidential Campaigns takes note of the serious side of elections even as it documents the frenzy frolic and the sleaze Each chapter contains a brief essay describing an election and presenting campaign highlights that bring to life the quadrennial confrontation in all its shame and glory With a postscript analyzing the major changes in the ways Americans have chosen their Presidents from Washington's time to the present Presidential Campaigns gives the reader a full picture of this somewhat flawed procedure For all of its shortcomings though this great American shindig is an essential part of the American democratic system and for better or for worse tells us much about ourselves

Boller,1984 Campaigning for the presidency demands strength and courage Teddy Roosevelt was once shot in the chest just before a campaign speech but he insisted on delivering his hour and a half oration anyway Presidential nominees have to know how to play the game moreover whether they care for it or not When Andrew Jackson was visiting one town according to a campaign tale a proud mother handed a dirty faced baby up for him to hold Here is a beautiful specimen of young American childhood said Jackson obligingly Note the brightness of that eye the great strength of those limbs and the sweetness of those lips Then he handed the baby to his friend John Eaton Kiss him Eaton he cried and walked away And all presidential hopefuls have to find ways of smoothing over the unfortunate gaffes they sometimes commit During the 1992 campaign Bill Clinton provoked so much mirth when he said he once tried marijuana but found he couldn t inhale that he subsequently appeared on television to play his saxophone and told the host he took up the instrument because it didn t require inhaling You blow out Now in a revised and updated edition this enlightening and endlessly entertaining book unveils the whole history of American presidential elections from Washington to Clinton those clamorous showdowns that have so perplexed pleased amused irked and fascinated the American people from the very beginning As Charles Dickens observed American voters are scarcely finished with one campaign when they start in

on another Presidential Campaigns brings these boisterous contests to life in all their richness and complexity In the old days Boller shows campaigns were much rowdier than they are today Back in the nineteenth century the invective at election time was exuberant and the mudslinging unrestrained a candidate might be called everything from a carbuncle faced old drunkard to a howling atheist But there was plenty of fun and games too with songs slogans rallies leaflets torchlight parades picnics and inescapably a lot of hyperbolic oratory livening up the scene as party workers sought to get people to the polls Despite the mudslinging and hot air however many of the campaigns touched off popular debates about vital public issues and there were many candidates like Adlai E Stevenson in 1952 who insisted on talking sense to the American people Presidential Campaigns takes note of the serious side of the elections even as it documents the frenzy the frolic and the sleaze Each chapter contains a brief essay describing every election from 1789 to 1992 and then presents some campaign highlights songs poems slogans jokes and anecdotes that help bring to life the quadrennial confrontation in all its shame and glory Presidential Campaigns makes one thing clear the great American shindig as one Englishman called it is for all its shortcomings an essential part of the American democratic system and for better or for worse tells us much about ourselves
