Trading Binary Options Abe Cofnas, 2016-06-23 A clear and practical guide to using binary options to speculate, hedge and trade. *Trading Binary Options* is a strategic primer on effectively navigating this fast growing segment. With clear explanations and a practical perspective, this authoritative guide shows you how binaries work, the strategies that bring out their strengths, how to integrate them into your current strategies and much more. This updated second edition includes new coverage of Cantor Fitzgerald binaries, New York Stock Exchange binaries and how to use binaries to hedge trading along with expert insight on the markets in which binaries are available. Independent traders and investors will find useful guidance on speculating on price movements or hedging their stock portfolios using these simple, less complex options with potentially substantial impact. Binary options provide either a fixed payout or nothing at all. While it sounds simple enough, using them effectively requires a more nuanced understanding of how, where and why they work. This book provides the critical knowledge you need to utilize binary options to optimal effect. Learn hedging and trading strategies specific to binaries. Choose the markets with best liquidity and lowest expenses. Find the right broker for your particular binary options strategy. Utilize binaries in conjunction with other strategies. Popular in the over-the-counter market, binary options are frequently used to hedge or speculate on commodities, currencies, interest rates and stock indices. They have become available to retail traders through the Chicago Board Options Exchange and the American Stock Exchange as well as various online platforms, allowing you the opportunity to add yet another tool to your investing arsenal. *Trading Binary Options* is the essential resource for traders seeking clear guidance on these appealing options.

Market Conditions for Successful Forex and Binary Options Trading Emegha Omoruyi Emmanuel, 2014-02-06 This book contains information that will increase traders' understanding of how the market works. It will help traders and beginners to understand chart analysis. The knowledge of the chart will definitely guarantee traders success in the global financial market. It is a fact that the chart is the sign language of the market and the knowledge of the chart will no doubt guarantee outstanding performance and good profit returns on investment in the market. So the trader that takes the time to learn and understand the sign language of the market. Charts will no doubt benefit from such skills in no small measure. That is to say, such a trader has a lot to gain in terms of profit returns in the market. Therefore, this book is a vital tool that every one that wants to make huge gain from their investments in the asset market must have. It contains different approaches to chart analysis, how to spot major market moves and reversal. More so, these are the knowledge that an average trader requires to make informed decisions as to which direction the price is moving to, as is the case in the Binary Options market, and at what point he is to enter or exit a trade, as the case in the Forex market. The knowledge will make a better trader out of the reader of the book. It will help both the Forex and Binary options traders to appreciate the market chart and correctly analyze the chart. This will help both Forex and Binary Option traders make informed decisions, eliminate negative trading emotion and to become disciplined traders. The chart is the language of the market, hence the need for traders to know how to carry out chart analysis. The book

also contains technical indicators used to identify certain area on the chart which usually signals possible market reversals The book is simply tips on how to trade the FX and Binary Option for maximum returns on investment The information is a simple daily trading nuggets for all traders This buttress the fact that both the binary options traders and forex traders need the full knowledge of the chart because their success lies in their understanding of the market chart To the binary options traders the ability to predict price direction correctly depends on the binary trader s ability to analyze market patterns on the chart while the forex trader needs the chart to determine his or her entry and exit points on any particular trade So needless to say that the knowledge of the chart is key to every decision traders make as regards trading This is why this little book is very very important to every trader that wants to succeed in the market
