Expanding Classics Arlene Holmes-Henderson,2023-04-18 This volume explores innovative ways of expanding classical languages and cultures to educational and museum audiences It shows that classical subjects have an important role to play within society and can enrich individuals lives in many different and perhaps surprising ways Chapters present projects covering literacy and engagement with reading empowering students to understand and use new types of vocabulary discovering the personal relevance of ancient history and the resonance of ancient material culture and stories Contributors demonstrate that classical subjects can be taught cost effectively and inclusively by non specialist teachers and in non traditional settings In their various ways they highlight the need to rethink the role of Classics in twenty first century classrooms and communities Recommendations are made for further development including ways to improve research policy and practice in the field of Classics education Expanding Classics presents an important series of case studies on classical learning of interest to museum educators teacher trainers school leaders and curriculum designers as well as those teaching in primary secondary and further education settings in the UK and worldwide

*Primary Languages In Practice: A Guide To Teaching And Learning* Jones, Jane, McLachlan, Angela,2009-10-01 Presents a framework of professional development for primary languages teachers The book is aimed principally at trainee teachers on specialist primary languages training

programmes but also provides guidance for those on general Primary PGCE programmes

## **Achievement and Inclusion**

**in Schools** Lani Florian,Kristine Black-Hawkins,Martyn Rouse,2016-07-22 Thoroughly updated to reflect the challenges of diversity in today s schools this new edition of Achievement and Inclusion in Schools shows how high levels of inclusion can be entirely compatible with high levels of achievement and that combining the two is not only possible but also essential if all students are to have the opportunity to participate fully in education Each chapter has been fully revised to reflect an understanding of inclusion as being concerned with the learning and participation of everyone in a changing education policy context Based on new case study research this edition sets out to answer the following questions Are there strategies which can raise the achievement of all students while safeguarding the inclusion of others who are more vulnerable How can schools ensure high levels of inclusion as well as high levels of achievement for everyone How might research into these matters be carried out With new case studies in this second edition that reflect the devolution of education policy in the four countries of the UK this book addresses concerns about how schools can respond to differences between learners without marginalising some of them It offers guidance to practitioners as well as those undertaking research on this important topic

French in the Primary Classroom Angela McLachlan,2009-04-17 *Primary Science* Mick Dunne,Alan Peacock,2011-12-06 Becoming a confident and informed teacher of primary science requires a strong understanding of key practical conceptual and pedagogical issues that underpin best practice science teaching in the primary school Addressing current curriculum concerns the dynamic nature of the curriculum landscape and the wider challenges of developing good

practice in science education Primary Science provides an indispensable overview of important areas of teaching that every aspiring primary school teacher needs to understand Written directly for initial teacher education students this textbook supports classroom practice and provides a broad survey of key aspects of primary science teaching including the role of science in the curriculum communication and literacy in science teaching science outside the classroom teaching science to all transitional issues and assessment

**Reading at Greater Depth in Key Stage 2** Suzanne Horton, Louise Beattie, Sharon Lannie, 2019 Expectations in primary English are high particularly in reading There is an emphasis on inference and deduction together with vocabulary development two key elements for preparing pupils to access texts at a higher level At the same time there is also a change in the rhetoric around guided reading with teachers trying different pedagogies in order to fully prepare pupils for the demands of the reading curriculum This book explores the various approaches to developing higher level readers
