Institutional Health Care Claims to the CMS-1500 Claim Form Crosswalk

The Health & Education Portability and Accountability Act (HIPAA) of 1996 included provisions for administrative simplification. HIPAA requires the Secretary of the Department of Health and Human Services (HHS) to adopt standards to support the electronic exchange of administrative and financial health care transactions, primarily between health care providers and plans. The ASC 8371 v5010A2 health care claims for institutional providers were established in accordance with these HIPAA regulations.

The implementation of the ASC 8371 v5010A2 provides institutional changes in the content of the data institution providers will submit with their claims. In order to help institutional providers prepare for these changes, we have created a CMS-1500 Claims Forms Crosswalk to ASC 8371 v5010A2 Institutional Health Care Claims. This crosswalk will help institutional providers with content claims submissions starting with either claims for the ASC 8371 v5010A2.
