

6th Grade Exemplar Essay: Expository Essay

My Childhood Game

Engaging beginning; topic of the essay is clear

Main ideas support the controlling idea and are in the order they'll be presented in the essay.

First body paragraph supports the idea: "You have to prepare for this game..."

Second body paragraph supports the idea that "You have to set up the rules (for the game)"

Like "Cops and Robbers," "Secret Agent" is a creative and imaginative game. You have to prepare for this game and set up the rules. There are certain people who like to play the game. I think this game is in some ways like the real world, but it is also different. I don't know if all kids play Secret Agent, but in my family we have a great time playing it and using ~~our~~ imaginations.

First, to play Secret Agent you will need to make up code names like "Black Cobra" or "The Fog." Everyone should pick a name that sounds mysterious and powerful. Then you will set up a mission, like a bank robbery or a murder. Next, everyone has to pick a weapon for themselves. This is my favorite part, because to pick the right weapon you have to imagine you are going into battle. Once you have chosen your names, mission, and weapons, you are ready to review the rules and start playing.

There are many rules in the game Secret Agent. Some of the rules usually stay the same. First, you never die. Second, once you're done with your part of the mission, you help your teammates. Finally, have fun and use your imagination! Rules can be added, discarded, or changed, but your idea needs to be reasonable and everyone playing

Title refers to the main idea of the essay.

Controlling idea/thesis is original and interesting

Author understands that the reader needs background information and descriptive details to get a clear sense of this game and to remain interested in the essay.

The author uses a variety of sentence structures to pull the reader's attention and interest.
