**ICD-10-CM**  
**Official Guidelines for Coding and Reporting - FY 2020 (October 1, 2019 - September 30, 2020)** U.S. Department of

Health and Human Services DHHS, 2019-11-19 These guidelines are a set of rules that have been developed to accompany and complement the official conventions and instructions provided within the ICD 10 CM itself. The instructions and conventions of the classification take precedence over guidelines. These guidelines are based on the coding and sequencing instructions in the Tabular List and Alphabetic Index of ICD 10 CM but provide additional instruction. Adherence to these guidelines when assigning ICD 10 CM diagnosis codes is required under the Health Insurance Portability and Accountability Act (HIPAA). The diagnosis codes Tabular List and Alphabetic Index have been adopted under HIPAA for all healthcare settings. A joint effort between the healthcare provider and the coder is essential to achieve complete and accurate documentation, code assignment and reporting of diagnoses and procedures. These guidelines have been developed to assist both the healthcare provider and the coder in identifying those diagnoses that are to be reported. **Direct Marketing List Source**, 1994-04
