MY AUTOBIOGRAPHY

I am Alea Mae D. Benitez, I was born on May 7, 2004 in Manila, Philippines. We are two siblings in the family. I am the second child. My mother's name is Divina D. Benitez. My father's name is Nelson D. Benitez. And he is from Camarines Sur, Bicol.

During weekends, we usually spend our days in the church. We always go to church. We helped each other in church activities. My family was a happy and loving family. I had a happy childhood living with my parents and my sister. I finished my elementary education at Don Carlos V. Rama Elementary School. During my junior high school, I finished my junior high school at President Corazon "Koko" Aquino National High School and I usually spend my free time with my friends. Since the lockdown, I have a video call with my friend for a Google meet until dawn, and we talk about things when we do, such as talk about what is going on in our lives and watch movies that have been shown recently. We have been watching pitch perfect all seasons. We have finished it several times. When I am not with them, I watch other TV shows like Mr. Queen and Ghost Doctor. And I am a senior at Pasay City South High School, I will do everything I can to get into a good university where I can go to college.

Engaging Students in Academic Literacies María Estela Brisk, 2022-12-12 The second edition of this important and practical text provides specific information to guide teachers in planning and carrying out genre writing instruction in English for K-8 students within the content areas. Informed by systemic functional linguistics (SFL), a framework conducive to instruction that views language as a meaning-making resource, this book guides teachers by presenting concrete ways to teach writing in the language arts, science, and social science curricula. Introducing theory of language that is effective in addressing the writing development of all students, especially multilingual, multicultural groups, the book provides essential scaffolding for teachers to design and implement effective, inclusive curricula while building their own knowledge. Fully up to date, the second edition features new genres appropriate for middle school examples of student writing, an expanded focus on genre pedagogy, a new chapter on bilingual learners, guidance for teaching in the middle grades as well as clear steps to prepare genre units based on two decades of experience working with whole schools. The chapter units cover distinct genres, including memoirs, historical genres, fictional narratives, arguments, and more. With ready-to-use tools, the new edition prepares elementary and middle school teachers to meet and adapt to the variable demands of their own educational contexts. Easy to navigate, this teacher-friendly text is an essential resource for courses in academic writing, English education, and multilingual education, and for pre-service and practicing English Language Arts (ELA) teachers who want to expand their teaching abilities and knowledge bases.

Lesson Plans for the Busy Librarian Joyce Keeling, 2002-03-05 Suggests learning activities for developing library skills such as researching a topic, finding books on the shelves, and acting out stories. **Get Ready! For Standardized Tests : Reading Grade 4** Kris Callahan, Carol Turkington, 2001-07-03 Schools in 45 states now administer annual standardized tests designed to gauge children's proficiency in reading and, in many cases, to determine who gets promoted and who doesn't. These latest volumes in the critically acclaimed *Get Ready For Standardized Tests* series arm parents with proven tools and techniques to help assess their children's basic reading skill levels, pinpoint their specific problem areas, reinforce their proficiency, gauge their progress, and instill them with the confidence and test-taking know-how needed to shine on virtually any standardized test.

Resources in Education, 1998-05 **Poetry across the Curriculum**, 2018-09-24 The present volume is the result of a pilot study and a workshop at Queensborough Community College that tried to integrate and discuss poetry as a new method of writing intensive pedagogy across the curriculum. Educators from several different disciplines (Art and Design, Biology, English, History, Philosophy, and Sociology) describe such methods and their teaching experiences in the classroom and highlight how poetry has been and could be used for fruitful teaching and learning across the curriculum. The interdisciplinary pilot study and the discussions at the workshop, which are represented by the chapters in the present volume, consequently emphasize the possibilities for the use of poetry at Community Colleges and U.S. undergraduate education in general.
