

# EVERYDAY MATH 4TH GRADE

## Unit 2 Study Guide

This four-page **student study guide** is a great way to review before the Unit assessment. It could also be used as a pre-assessment. Questions are grouped by skill or objective. These are the same ones listed on the Everyday Math Self-Assessment (not included). Instead of including the self-assessment with the Unit Assessment, I include it with the study guide and have students self-assess where they are prior to the test based on how they did on the study guide. This gives them (and their parents!) an idea of what skills they may need to study.

### Unit 4 Self Assessment

Think about each skill I used below. Assess your own progress by checking the most appropriate box.

Skill	I can do this on my own and explain how to do this.	I can do this on my own.	I can do this if I get help or look at an example.
② Solve extended multiplication facts.			

### Unit 4 Study Guide

Skill: I can solve extended multiplication facts.

1. Solve.

a.  $40 \times 20 =$  \_\_\_\_\_ b.  $50 \times 40 =$  \_\_\_\_\_

An **answer key** and **tutorial videos** for each question are also included. The answer key includes the Common Core State Standards (CCSS) correlations. The tutorial videos could be shared with students who are absent or just want to go back and review to better understand the question. The tutorial videos are part of a Google Slideshow (linked below).

**Tutorial Videos for  
Each Question**
