Sport Diver ,1994-10 Scuba Professional Simon Pridmore,2019-01-22 Scuba Professional introduces readers of Simon Pridmore's other books Scuba Fundamental Scuba Confidential and Scuba Exceptional to a whole new level of the sport Whereas the other books focus on how to scuba dive Scuba Professional looks at how diving is taught and how dive operations are conducted Scuba Professional is an excellent source of out of the box ideas and independent objective advice for instructors and dive operators It is also an indispensable guide for those aspiring to become dive professionals with chapters such as Do You Have What It Takes and Which Training Agency In short this is everything you wanted to know about working in scuba diving but never dared to ask Scuba Professional is not only for professionals Serious divers who take more than a passing interest in their hobby and want to know what goes on behind the scenes will be fascinated by the topics addressed and the insights offered From a dive safety point of view Simon looks at the bigger picture and in a series of chapters on avoiding and handling accidents sets out a framework for developing the safety culture within our sport He also examines the present state of key aspects of the dive industry and speculates as to the future There is quite simply nothing like this book the ultimate backstage pass into the business of scuba Jill Heinerth Technical Instructor Trainer Filmmaker Terrific really good Simon captures the key characteristics of the diving instruction milieu with insight and clarity Associate Professor Simon Mitchell Diving Physician

constructive paranoia which are just as relevant for amateur divers as they are for professionals Although the title makes it sound as if Scuba Professional is only for instructors this is certainly not the case And of course if you have not yet bought any of these four Scuba series books then this is a great option to buy all of them together with just one click Scuba Fundamental is a great book Simon Pridmore is to be congratulated for this insightful interesting and honest introduction to scuba diving He tells it as it is John Lippmann Divers Alert Network If PADI s Open Water manual is the Bible of scuba diving consider this the New Testament David Espinosa Editor in Chief Sport Diver magazines I so wish Scuba Exceptional had existed when I was in the early days of my diving life nearly 30 years ago Phil Short explorer and pioneer There is quite simply nothing like Scuba Professional It is the ultimate backstage pass into the business of scuba Jill Heinerth explorer and filmmaker
