only and each lesson in this manual is a step by step guide on how to accomplish each project with only minimal explanations. In a group setting, the focus of H2O Courseware is on hands-on learning with explanations of why offered by the instructor to students as needed and/or as requested. While H2O Courseware video tutorials are designed for a self-paced environment and serve as reinforcement as students work through the lessons on their own. In this Adobe Illustrator CS6 Level 1 training manual, students will receive a majority hands-on introduction to the Illustrator workspace including how to use tools, panels, artboards, and specific tools like Live Trace and the Pen and Pencil tools through doing exercises to learn some of their potential uses.
