**A Philosophical Exploration of the Humanities and Social Sciences** Giorgio Baruchello,Ársæll

Már Arnarsson,2022-11-07 Humor has been praised by philosophers and poets as a balm to soothe the sorrows that outrageous fortune's slings and arrows cause inevitably if not incessantly to each and every one of us. In mundane life having a sense of humor is seen not only as a positive trait of character but as a social prerequisite without which a person's career and mating prospects are severely diminished if not annihilated. However humor is much more than this and so much else. In particular humor can accompany cruelty, inform it, sustain it, and exemplify it. Therefore in this book we provide a comprehensive reasoned exploration of the vast literature on the concepts of humor and cruelty as these have been tackled in Western philosophy, humanities, and social sciences especially psychology. Also the apparent cacophony of extant interpretations of these two concepts is explained as the inevitable and even useful result of the polysemy inherent to all common sense concepts in line with the understanding of concepts developed by M. Polanyi in the 20th century. Thus a thorough nuanced grasp of their complex mutual relationship is established and many platitudes affecting today's received views and scholarship are cast aside. Like Aristotle and Dewey, Arnarsson and Baruchello do not define their terms at the outset but instead they relentlessly pursue the meanings of two ordinary words that everyone vaguely understands to arrive at a critical insight into the concepts these words represent which are both disparate and interrelated. Richard Marc Rubin, President George Santayana Society, *Wallaces Farmer*, 1967. **Miscellaneous Publications : Wisconsin Travel Guide** Wisconsin Lodging Associations, 1987. **The WPA Guide to Wisconsin** Federal Writers' Project, Federal Writers' Project; Norman K.
