AP[®] Environmental Science

Released Exam

Secured for Teacher Use

NOTE: This is a modified version of the 2010 AP Environmental Science Exam. This exam makes several references to a Section II free-response questions "green insert" that could be used for notes and scratch work. The exam no longer contains this insert. Currently, students are permitted to use a blank page in the Section II exam booklet to organize their answers and for scratch work, but they must write their answers on the lined pages provided for each question.

This Released Exam is provided by the College Board for AP Exam preparation. Teachers are permitted to download the materials and make copies to use with their students in a classroom setting only. To maintain the security of this exam, teachers should collect all materials after their administration and keep them in a secure location. Exams may not be posted on school or personal websites, nor electronically redistributed for any reason. Further distribution of these materials outside of the secure College Board site disadvantages teachers who rely on uncirculated questions for classroom testing. Any additional distribution is in violation of the College Board's copyright policies and may result in the termination of Practice Exam access for your school as well as the removal of access to other online services such as the AP Teacher Community and Online Score Reports.
