### QUICK TIPS

Check your Maintenance Schedule or schedule an appointment with a dealer using your Kia Connect account by logging into your Kia Access App or your account on <https://owners.kia.com> (Vehicles equipped with Kia Connect only - See page 30 for setup information)

- See the Owner's Manual for complete maintenance schedule. These are approximate scheduled intervals. Refer to vehicle message for maintenance item schedule.
- And, if necessary, adjust, correct, clean or replace.
- If 'SOF' (Self-Service Oil) is not available, one bottle of fuel additive is recommended. Additives are available from your authorized Kia dealer, along with information on how to use them. Do not use other additives.
- Both the fuel filter & fuel tank air filter are generally considered to be maintenance-free, depending on fuel quality being used. However, periodic inspection is recommended. If your vehicle is having issues like fuel flow restriction, power surging, loss of power, difficulty starting etc., replace the fuel filter immediately and contact an authorized Kia dealer for service.
- Inspect water pump when replacing the drive belt.
- The drive belt should be replaced when cracks occur or tension is reduced excessively.
- See your Owner's Manual for more details and complete maintenance information, including severe maintenance schedule. Warranty may be voided if maintenance schedule is not followed.
